

Getting Data From MyExperience

Documentation is at <http://myexperience.wikispaces.com/>

The MyExperience.xml file contains your code

1. Go here and download MyExperience.zip
http://sourceforge.net/project/platformdownload.php?group_id=188488
2. Extract and run
MyExperience.Desktop.Setup.exe
This will install the MyExperience Analyzer
3. Connect your device
Open the My Computer – Mobile Device ... to the myExperience Directory
Find the .sdf database file
4. Run the MyExperience Analyzer
Give it the sdf file.
- 4.
