Ephraim Jones - Grade 5

Create the Goal

Goal Description (200 characters max)

Type something

This input requires a value!

Add Tracking Item(s) [Help?](#)

What does this item track?

Type something

This input requires a value!

How do you want to track this item?

+

 Add another item

Link this goal to a current item (optional)

If you would like to associate something that is already being tracked for another of this student's goals to this goal, select it below. That track item can then be recorded while looking at either goal and will auto-populate for the other(s).

Mackenzie Miller - Grade 8

Accommodations

- Sit in front row

Goals

Reduce blurt outs <div>Edit Goal</div>	50% on math test <div>Edit Goal</div>
---	--

Milestone Goals - 3

- ▶ Whole design implemented
 - ▶ What's left:
 - ▶ Data collection
 - ▶ Secondary tasks - add a student, edit a goal, remove a track item from a goal
 - ▶ Simple data visualization (nice to have?)

Complications

- ▶ Meeting with more teachers for feedback
 - ▶ Meeting with another teacher on Wednesday
 - ▶ Reconnecting with original set of stakeholders
- ▶ Different levels of familiarity with Ruby
 - ▶ Flexible workflow

Questions and Feedback
