

# Your First CSE142 Assignment

- Required reading:
  - Syllabus (word for word), academic conduct policy page.
  - Do this right away! Certainly before Wednesday lecture
  - Either buy or make sure you have access to a textbook
  - Read chapter 1 of the textbook
- Browse rest of web (still pretty incomplete)
  - Find the first day's slides
  - Visit the Message Board (when linked)
  - Find the announcements archive (two separate things!)
- Install the needed software on your home computer
  - Read the *Computing at Home* page
- Visit a campus lab and locate the software
  - *Even* if you plan to compute at home!
- Start making friends in the class!
- Watch the web for news about Project 0
  - A bit later in the week
- For Wednesday: *memorize* your quiz section #
- After Thursday: *memorize* your TA's name
- Think about... why are you here? What do you want to get from the course?
