CSE142 Lecture Questions for Monday, 2/22/21, section A

Time (e.g., 12:45)	Question	Answer
	Using the free late days does not penalize in terms of points as long as I turn it in before the harsh deadline of Friday. Is this correct?	There is no penalty for using free late days.
	Do strings follow reference semantics or value semantics?	Strings are objects, so they have reference semantics, but strings are also immutable objects, so it's not possible to change them when they are passed as parameters to a method.
