

CSE142 Lecture Questions for Monday, 1/25/21, section B

Time (e.g., 12:45)	Question	Answer
	although each of my java codes will run, i keep getting a warning saying my console is not closed. how do i fix that?	You should probably go to office hours for one of the TAs or for me to try to figure out what the problem is.
	Is it bad that i understand the lectures... but when i try to read the textbook i get confused?	Each different resource is able to accomplish different things. Lectures have a role, so does the book. What I'd be most focused on is whether you're able to do the homework each week.
