CSE 143 Section AB
Steve Martin, TA
Itinerary for Section 4

- Q and A about Classes

- Multiple inclusion
    o IFNDEF? Whats this?
    o When and where and why do we include .h files?

- QUIZ

- Talk about HW2 a bit
    o You get more time to do it!
        ▪ July 4 holiday

- Naming conventions: good style!
    o Classes: Start with Cap
    o Variables, start with lower case
    o Makes things MUCH easier on the eye!

- How to design classes (closely related to homework)
    o Now that you have objects, how do we decide what should and shouldn't be inside the class?
        ▪ Discussion
    o The answer: its up to the YOU, the designer!
    o Classes are, more than anything else, a way of organizing your program.

- Class design activity!!
    o Groups of 4
    o Give 'em time
    o Present results
