  <h3>The Road to Enlightenment</h3>
  <p>Littering a dark and dreary road lay the past relics of browser-specific tags,
     incompatible DOMs, and broken CSS support.</p>
  <p>Today, we must clear the mind of past practices. Web enlightenment has been
     achieved thanks to the tireless efforts of folk like the W3C, WaSP and
     the major browser creators.</p>
  <p>The CSS Zen Garden invites you to relax and meditate on the important
     lessons of the masters. Begin to see with clarity. ...</p>

  <h3>So What is This About?</h3>
  <p>There is clearly a need for CSS to be taken seriously by graphic artists.
     The Zen Garden aims to excite, inspire, and encourage participation.
     To begin, view some of the existing designs in the list. ...</p>
  <p>CSS allows complete and total control over the style of a
     hypertext document. The only way ...</p>
  <h3>Participation</h3>

    <li>Graphic artists only please. You are modifying this page, so strong CSS
       skills are necessary, but the example files are commented well enough that
       even CSS novices can use them as starting points. Please see the CSS
       Resource Guide for advanced tutorials and tips on working with CSS.</li>
