

[Week 11 Section QuickCheck \(Key\)](#)

Two solutions are provided below:

-- Solution with JOIN

```
SELECT c.name
FROM countries c
JOIN languages l on l.country_code = c.code
WHERE l.language = 'English' AND l.official = 'T';
```

-- Solution with additional FROM/WHERE

```
SELECT c.name
FROM countries c, languages l
WHERE l.country_code = c.code
AND l.language = 'English' AND l.official = 'T';
```
