CSE 373 -- Autumn 1999 -- Survey

This questionnaire has two purposes: (1) to let us know the average background of students in this class so that we can avoid boring or confusing the majority of you during the first few weeks; and (2) to give us some small hope of getting to know you in a class this size.

Name:
Year in School:
Major:
Hometown:
When did you take CSE 143? Who taught it?

Please indicate your confidence in each of the following skills and topics:

	not confident						**very confident**
			so-so				
Programming (in general)	1	2	3	4	5	6	7
Programming in C++	1	2	3	4	5	6	7
Using C++ Templates	1	2	3	4	5	6	7
Using C++ I/O (cin/cout, files)	1	2	3	4	5	6	7
Abstract Data Types (ADTs)	1	2	3	4	5	6	7
Recursion	1	2	3	4	5	6	7
Asymptotic (big-O) Analysis	1	2	3	4	5	6	7
Lists	1	2	3	4	5	6	7
Stacks	1	2	3	4	5	6	7
Queues	1	2	3	4	5	6	7
Trees	1	2	3	4	5	6	7
Hashing	1	2	3	4	5	6	7

If we gave you the option, would you choose to program in C rather than C++?

Why are you taking this class?

Do you have any experience implementing a reasonably complex ADT (*e.g.*, in another class or industry)? If so, please describe it briefly.

What's your favorite hobby?

(Mine's music...) **What's been your favorite album this past year?** (it doesn't necessarily have to have been released in the past year)

Anything else we should know about you?
