

CSE 390B, Spring 2023

Building Academic Success Through Bottom-Up Computing

Final E-Portfolio Presentations

E-Portfolio Presentations Instructions and Tips

E-Portfolio Presentation Instructions

- ❖ Please keep your presentations between 6-8 minutes
 - We will give you a reminder when you have two minutes left

- ❖ We will split up into three groups to present

- ❖ During a presentation, please write down on a notecard questions, compliments, feedback, or constructive criticism for their e-portfolio or presentation
 - We will spend time sharing some after the presentations
 - After the sharing, you will hand the notecard to the presenter

E-Portfolio Presentation Tips

- ❖ Think about who your audience is
 - Consider what your audience knows and doesn't know
- ❖ Do your best to speak slowly and project your voice
 - Helps audience members further away or who are hard of hearing
- ❖ Aim to maintain eye contact with the audience
 - Helps slow down speech and makes you sound more authoritative
- ❖ Engage the audience with hand motions, questions, and your energy or enthusiasm

Closing Remarks

- ❖ The course staff has observed your learning and we are incredibly proud of the ways you have grown
- ❖ We hope you'll continue to grow in metacognition and remember bottom-up computing as you continue in your CSE journey
 - This is just the beginning — there are a plethora of ways to grow from what we've explored in this class
- ❖ Thank you all for a wonderful quarter!
 - Stay in touch and we hope to see you around in the future! 🙌

Post-Final Lecture Reminders

- ❖ Office hours and student-TA 1:1 meetings ended last week
 - Course staff open to meeting during finals week by appointment
- ❖ If you have any uncompleted projects, the last day to turn them in is this Friday (6/9) at 11:59pm
- ❖ Have a wonderful break! We hope to see you around in future quarters!
