

CSE 401/M501 – Compilers

Course Wrapup

Hal Perkins

Autumn 2024

Final Administrivia

- hw4 due tomorrow night; if you have individual late days you can still use them (2 max)
- Sections tomorrow – last minute hw4, backend topics and practice, quarter wrapup
- No lecture Friday – extra TA office hours in classroom at that time
- CSE M 501 compiler due Saturday, 11:59 pm
 - Report due Sunday night 11:59 pm
 - No late submissions on either of these
- Please finish course evals while they are still available
- Please nominate great TAs for the Bandes award.
 - Both for CSE 401/M501 and for other courses

Final exam

- Tuesday 2:30-4:20 here
- Closed book like midterm, but ok to have two 5x8 hand-written note cards (can keep midterm card or replace it)
 - Extra blank cards available end of class today
- Topic list and old exams posted on website now
- Review Q&A Monday 4:30, also here (regular classroom)
- HW4 sample solutions will be available outside instructor's office (CSE 548) late Sun. (will announce on discussion board when ready)
 - Copies also available at Monday's review session.

We're done!

- We managed to cover the essential core of compilers in 10 weeks and build one that worked!
- Take a look back and congratulate yourself on what you've accomplished!

This doesn't happen without lots of help...

- Thanks to a fantastic staff – it can't work without them!!
 - Eric Chen, Karen Haining, Connor Reinholdtsen, Richard Tran

And thanks to...

You!

You should be proud of what you've done in a 10 week quarter! Please take care of yourself, watch your health, stay active, and help yourself, your friends, your community.

Congratulations and best wishes

Come by and say hello in the future – I'd love to know what you've been up to after compilers!

That's all Folks!
