Tile to the Top

Rowan Hale rowanh@cs

Grace Muzny muznyg@cs

28 September 2012

Overview / Vision

Title to the Top

- Educational games are infrequently fun and technologically up to date.
- Vocabulary is great.
- Title to the Top will be both fun and technologically up to date
 - Plus, our users will learn useful, real world information.

Minimum Viable Product

- Definitions will come from a preset English vocabulary list
- Tiles will appear/function correctly so that the user can “win” rounds
- User will feel entertained and educationally fulfilled
- Areas for expansion
 - Login/user data
 - Multiplayer
 - Ability to define your own sets of words
 - Multiple languages

Title to the Top: Technologies/ Implementation

- HTML/CSS/Javascript front end
- Python/Django for back end
- MySQL for data storage
