

Date-a-Dog

Hugo Salazar - hsalazar
Hassan Abdi - habdi

Vision

- Reduce stress in shelter dogs
- Increase the likelihood for adoption
- Raise pet overpopulation awareness
- Creating new bonds between dogs, and potential adopters

Software Architecture

- Developing user and shelter interface by using Android SDK framework.
- Facebook user authentication for user's identity.
- Storing data Amazon's AWS RDS for MySQL
- Maintaining up-to-date shelter data from petfinder.com.
