

CSE 414 Introduction to Database Systems

Section 2: More SQL

Siena Dumas Ang

Importing Files

First, make the table.

Then, import the data.

```
.mode csv
```

```
.import ./population.csv Population
```

```
.import ./gdp.csv GDP
```

```
.import ./airport.csv Airport
```

Review: Order BY

ORDER BY column_name DESC

GROUP BY

- 1. Compute the **FROM** and **WHERE** clauses.
- 2. Group by the attributes in the **GROUPBY**
- 3. Compute the **SELECT** clause:
 - grouped attributes and aggregates.

Don't forget!

LIMIT

COUNT(*)

DISTINCT

AS

SUM

MAX/MIN
