Plantr Prototype

JEN JIANFEN ZHANG, JORY RICE, PAUL BARTELL, WHITNEY SCHMIDT.

Problem

Plants improve mood & health.

But can be hard to take care of.

Solution

Smartphone App + Sensors In Plant soil

Human-like self-condition reports | Care reminders

Social | Plant Pathogen Assistance

Contextual Inquiry

Sky Nursery

Findings

No routine or schedule

Care is inconsistent --→ Neglect

Imprecise care methods

Trial and Error --→ Intuition

Information is scattered

Internet, books, nursery staff...

Tasks Analysis

Meet Jack
