

Fitter

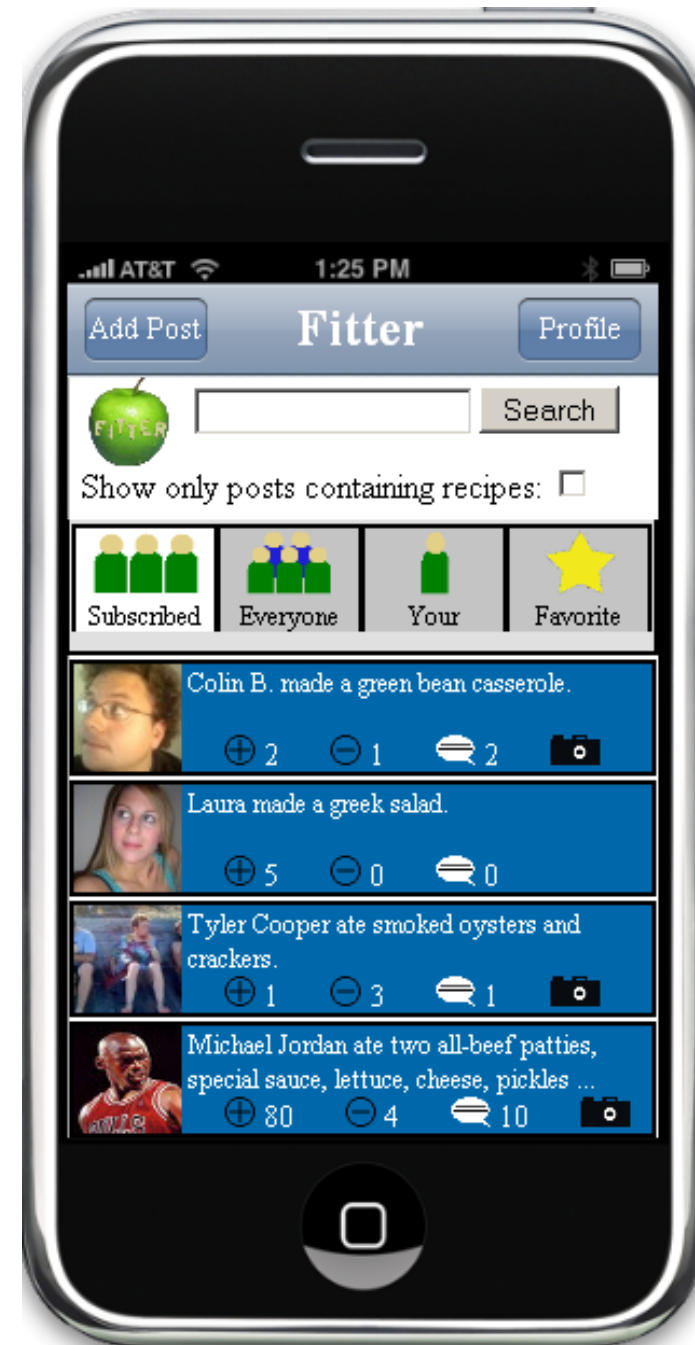

A mobile solution for healthy eating

Fitter Helps You

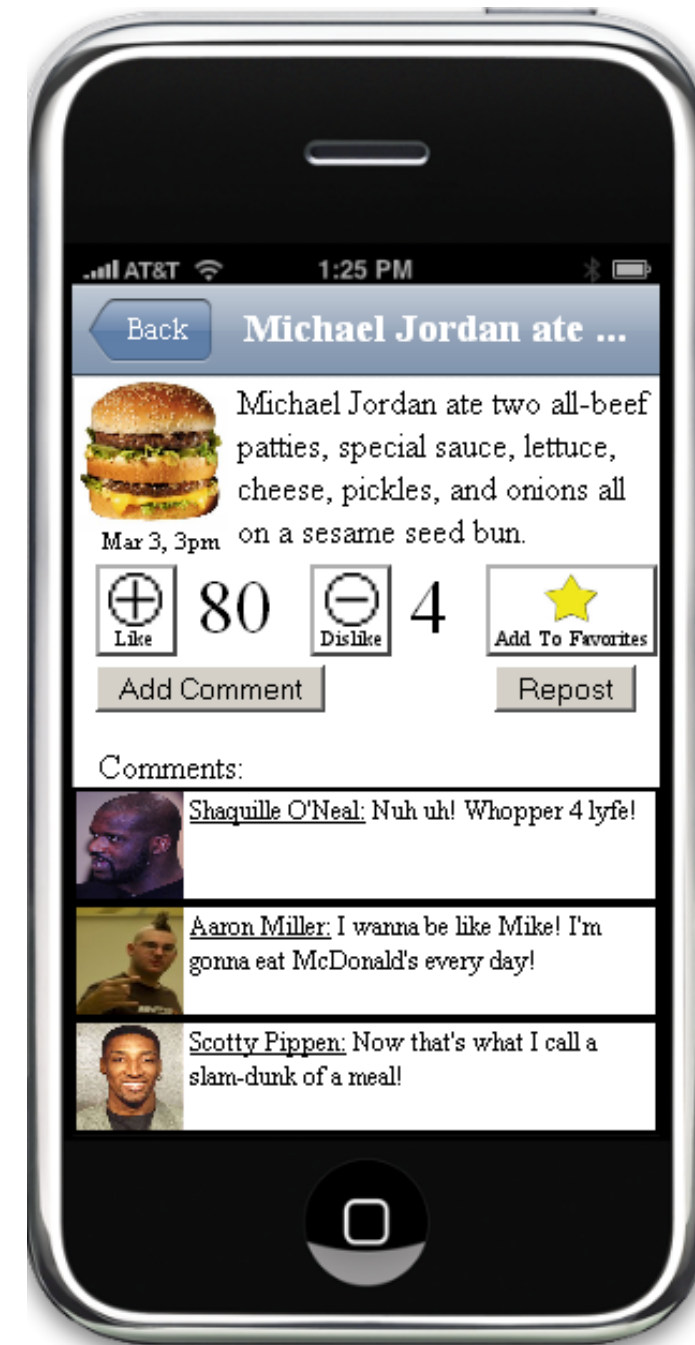

Easily share recipes
Discover healthier eating habits

Find dietary role models
Socially evaluate your diet

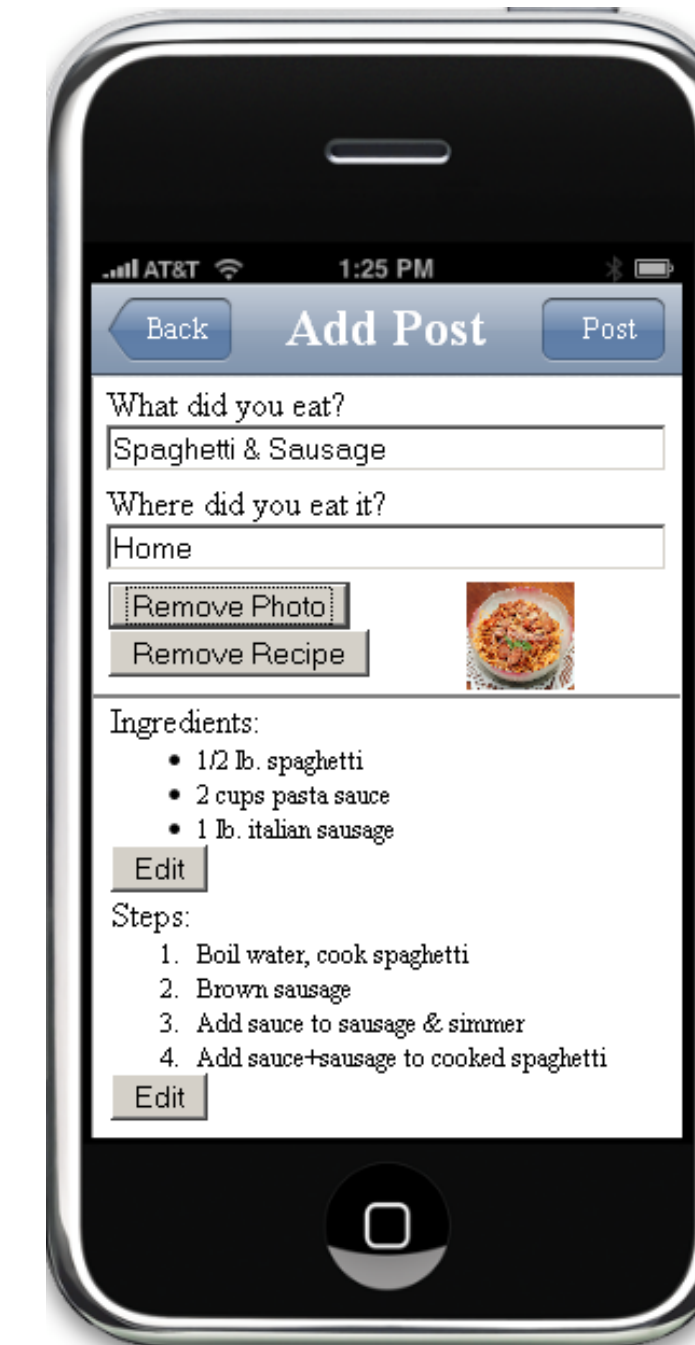

View recent posts from users you subscribe to, all users, just you, or your favorite posts with the feed.

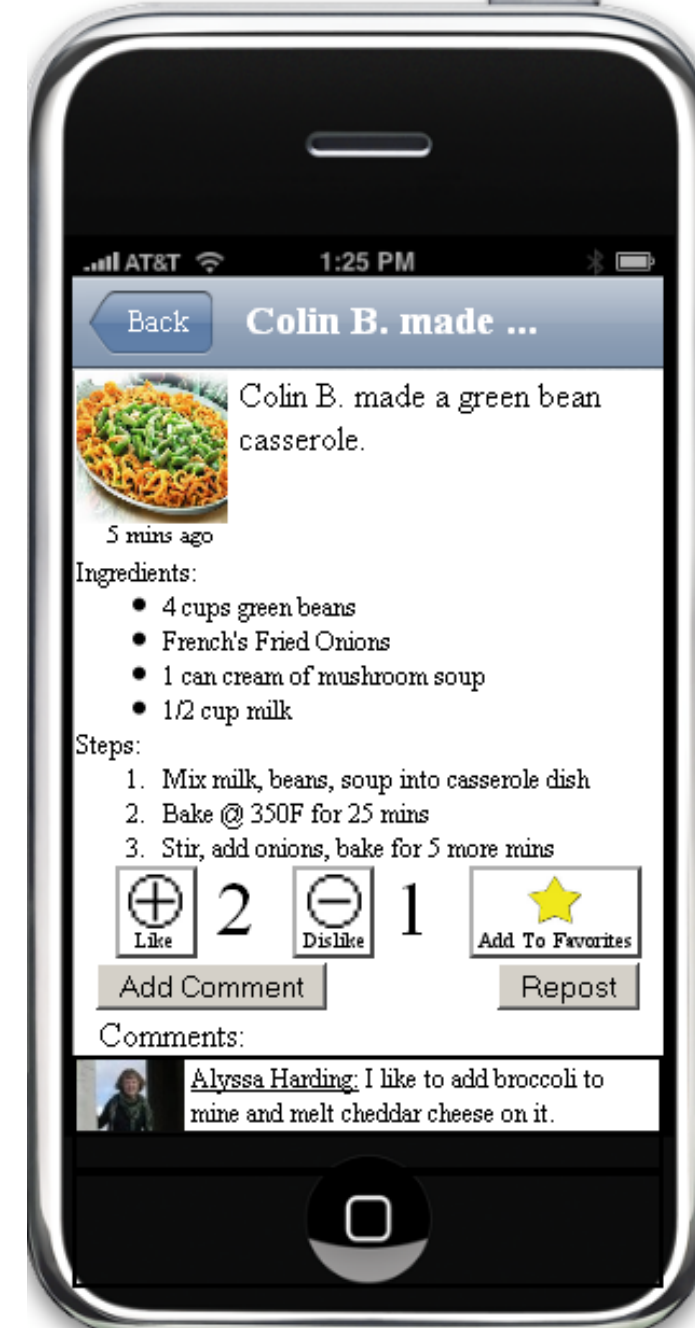

See what athletes, dieticians, and professional chefs are eating and save them for later.

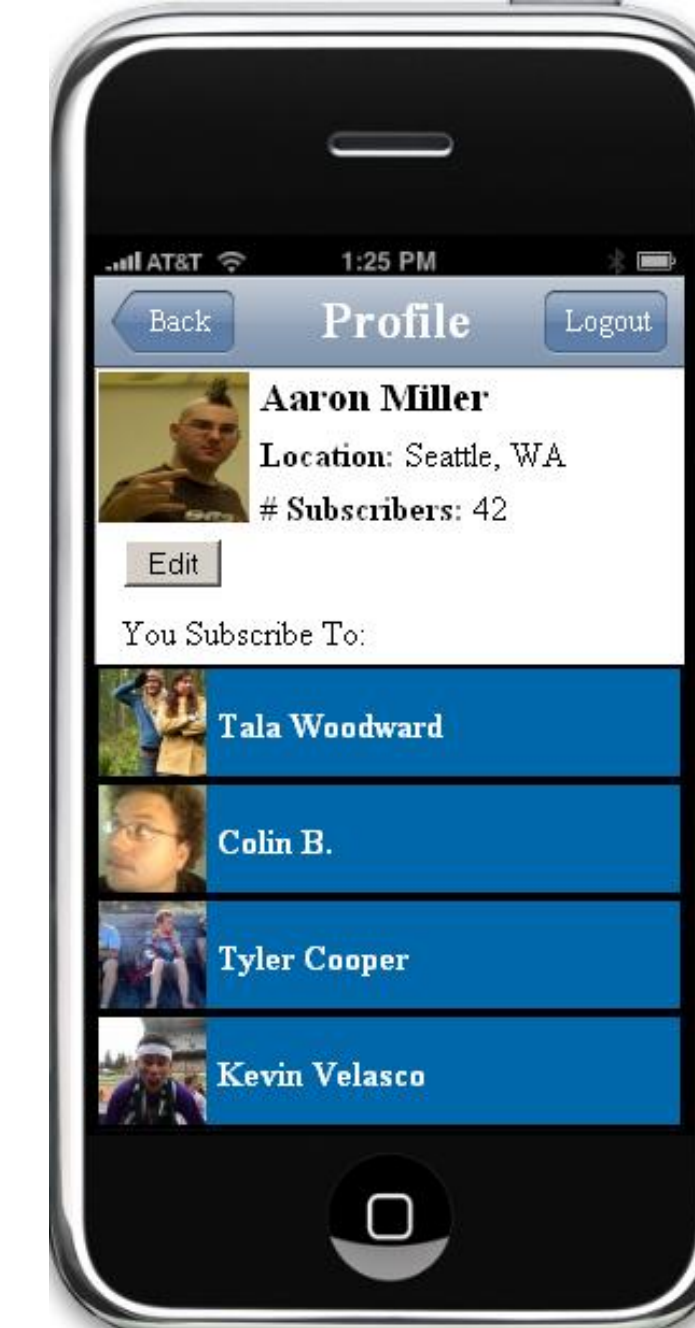

Easily share recipes and what you're eating with your subscribers

Search for food and recipe suggestions using keywords

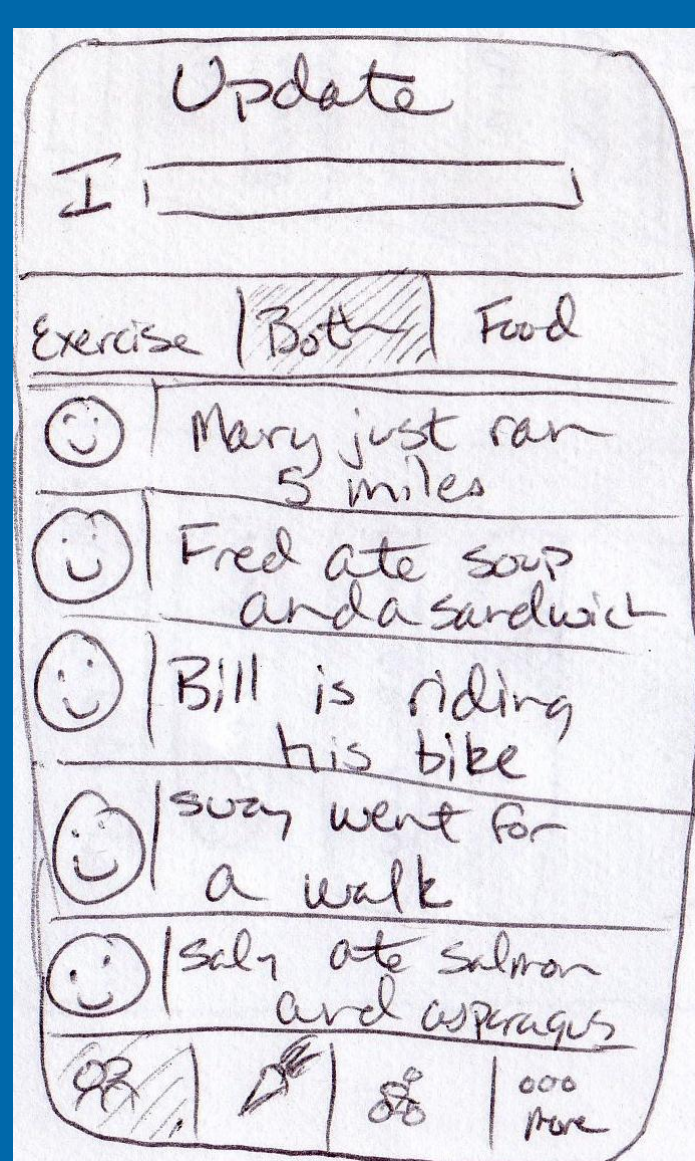

Feedback on your recipes and food choices helps you improve your diet

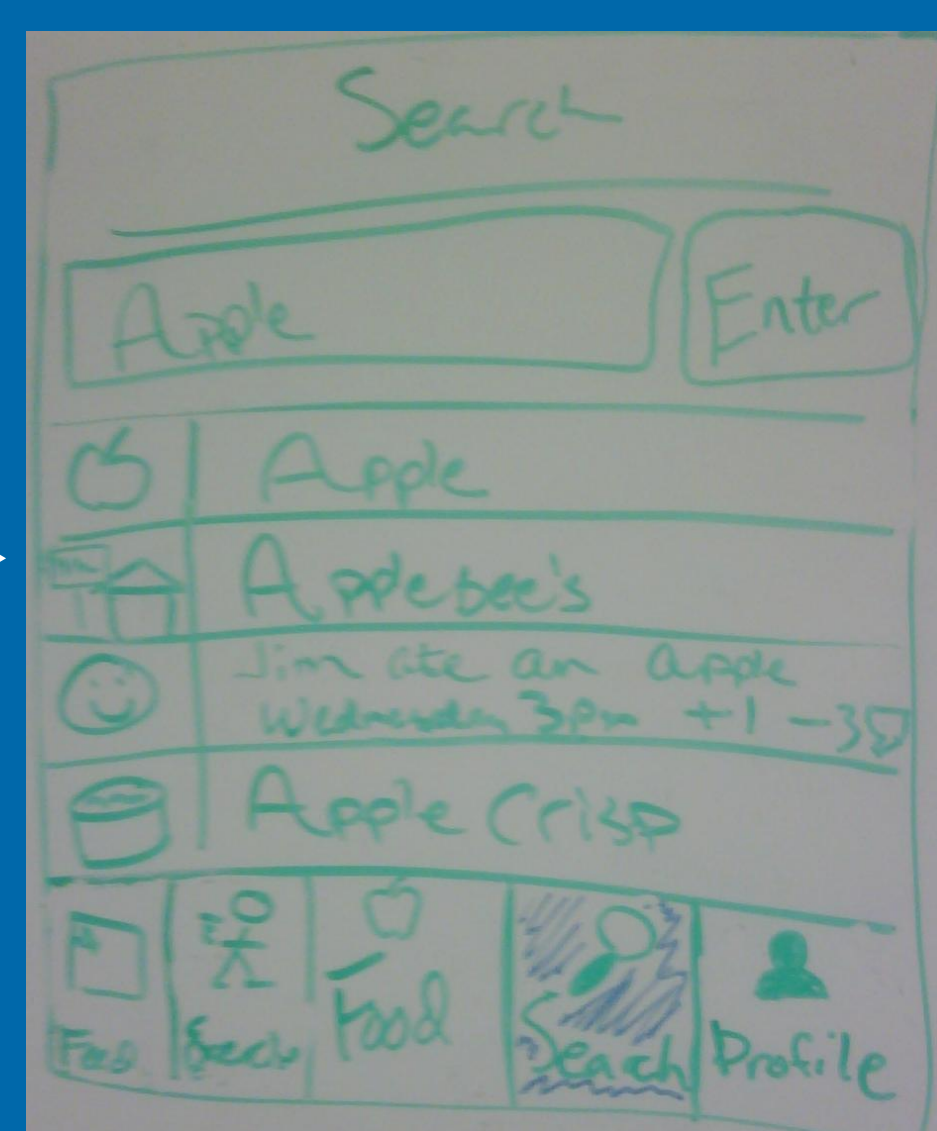

Quickly jump to posts by a user you subscribe to from your profile
