CareSupport

Supporting those who support others

Problem

Caregivers of dementia patients are thrust into the role with no prior training, which takes an emotional and mental toll

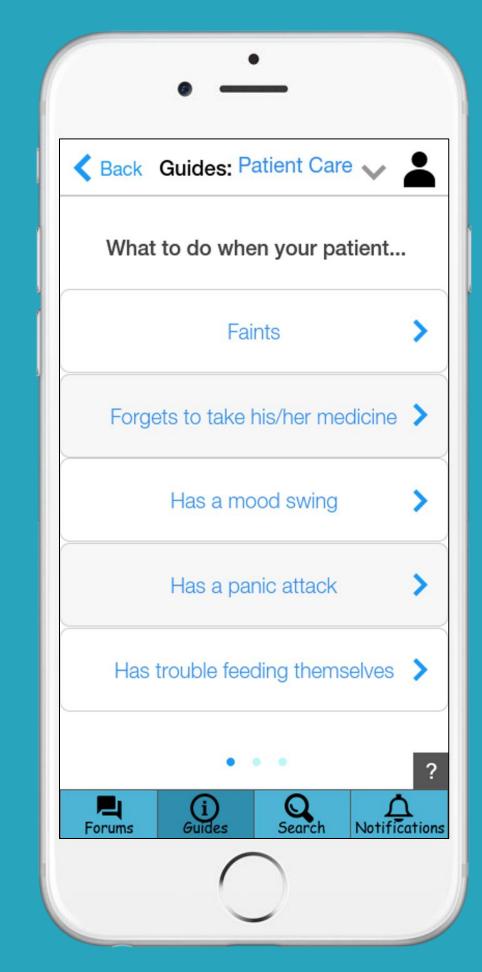

Solution

Our solution is a mobile app that provides guides for common, difficult situations and forums to connect to other caregivers

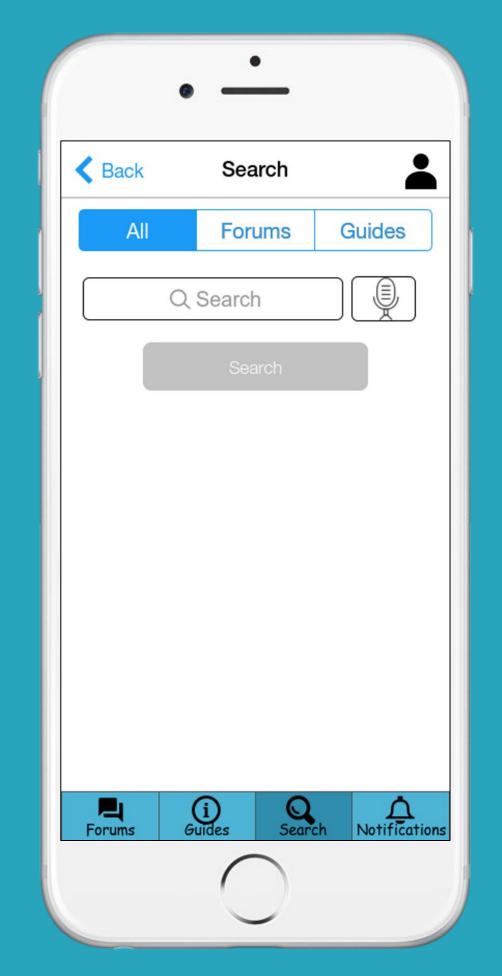

Add Post Hi, new caregiver here and wanted to introduce myself! Share a joke! What are some worrying signs to look out for? Tough day stories Good day stories! ? Forums Forums Add Post Add Post Add Post Add Post Add Post Share and wanted to introduce myself!

Forum to connect with caregivers
