

Problem

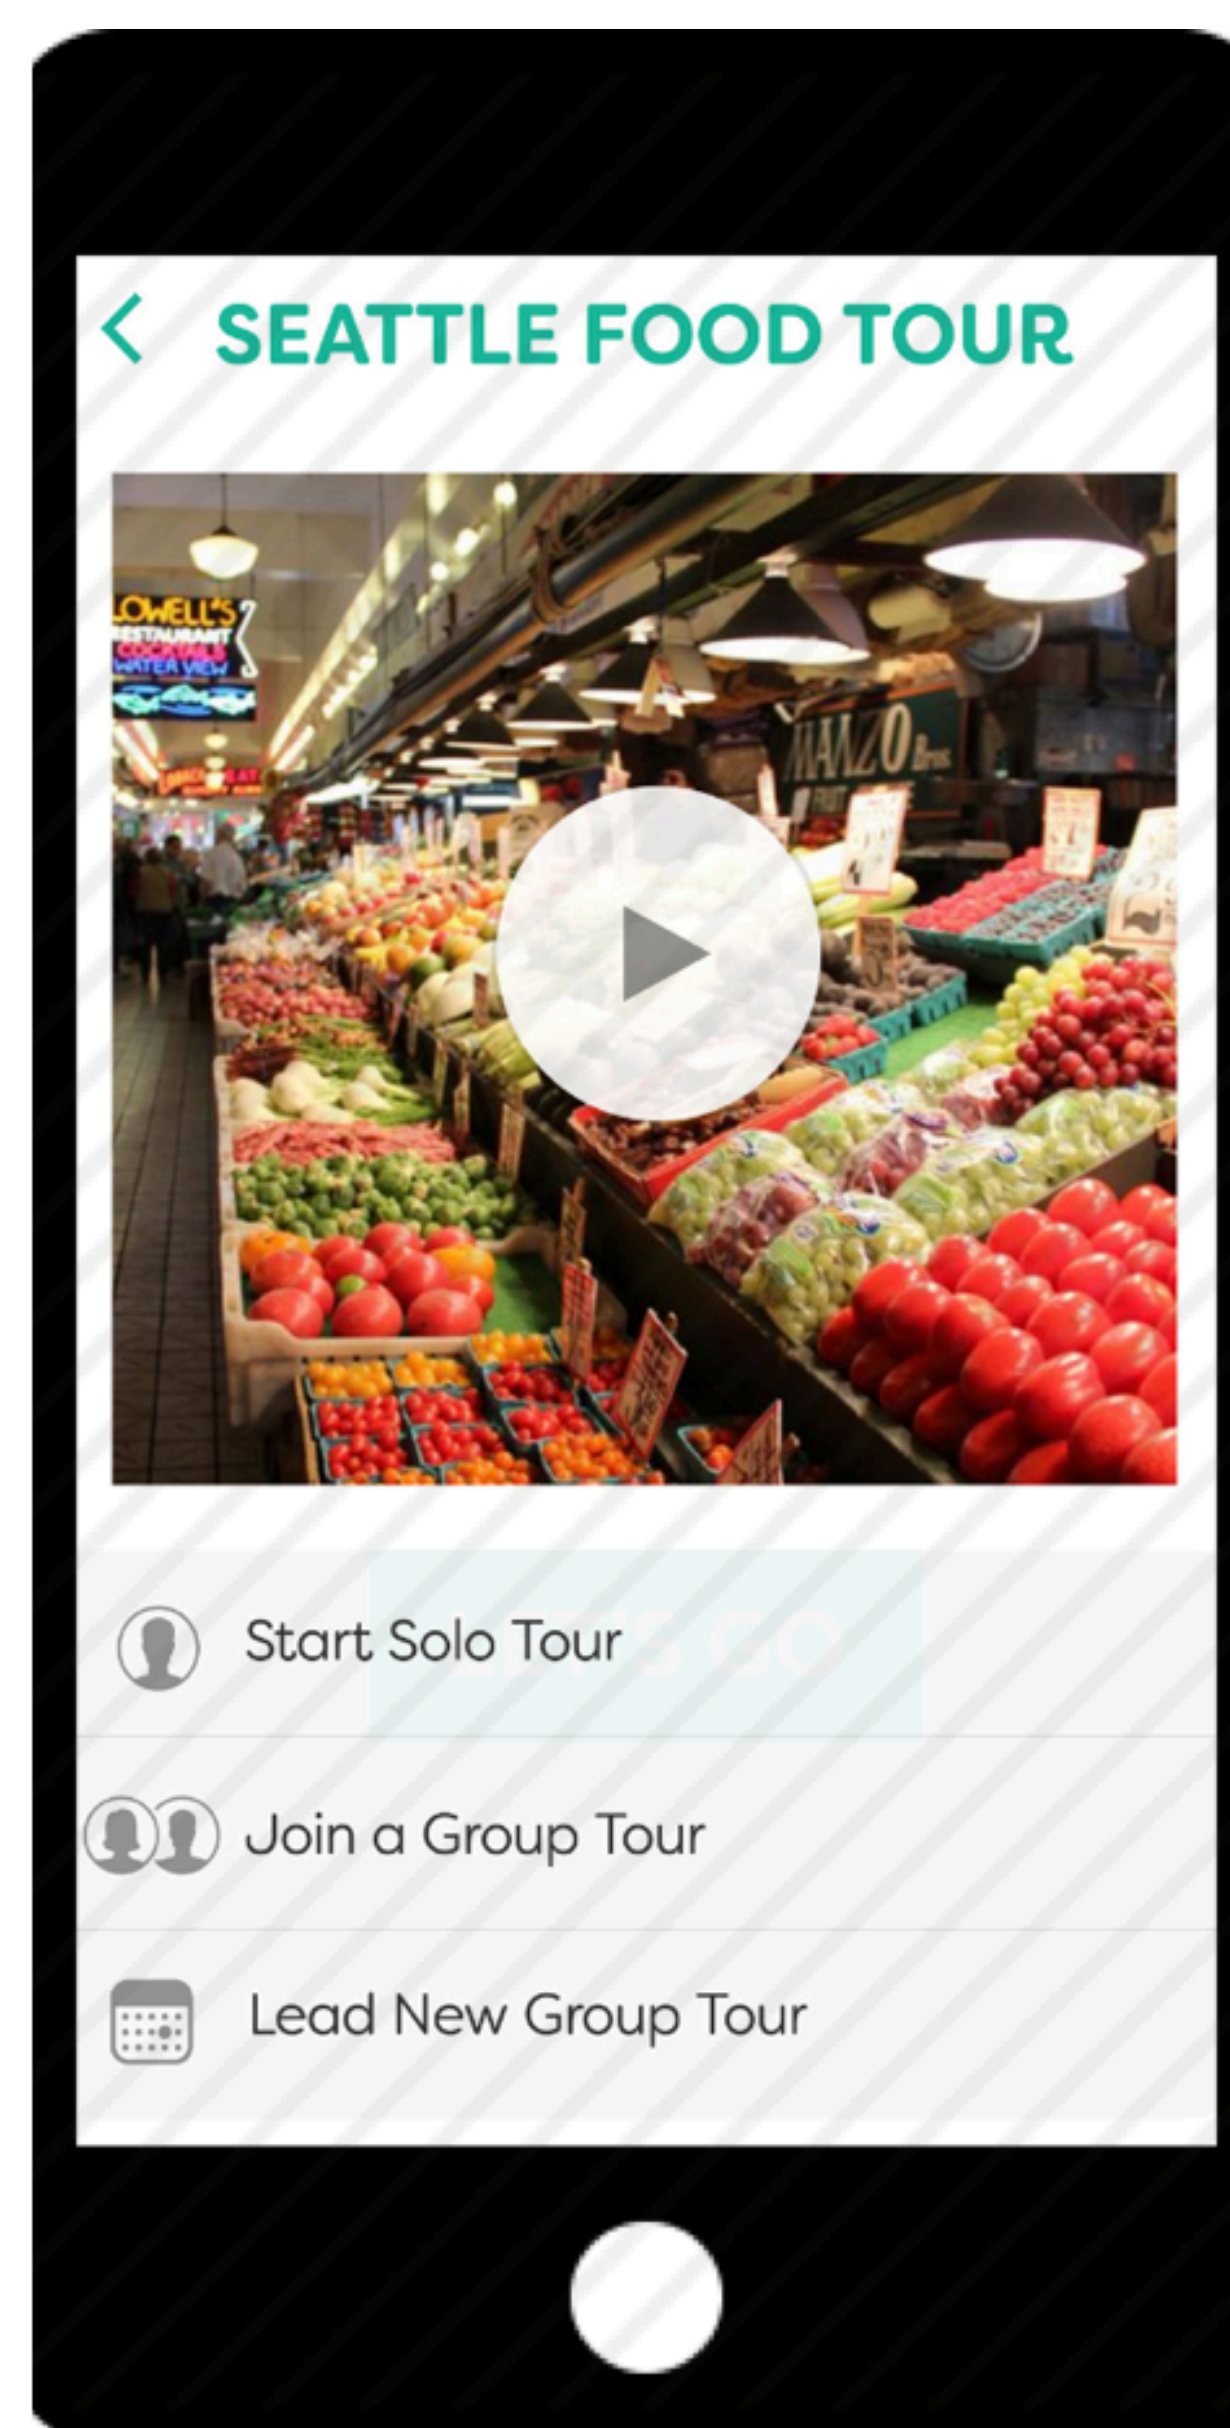

In the United States alone, there are 3.5 million people who never leave their homes, 1.9 million of which are wheelchair users.*

Value Proposition

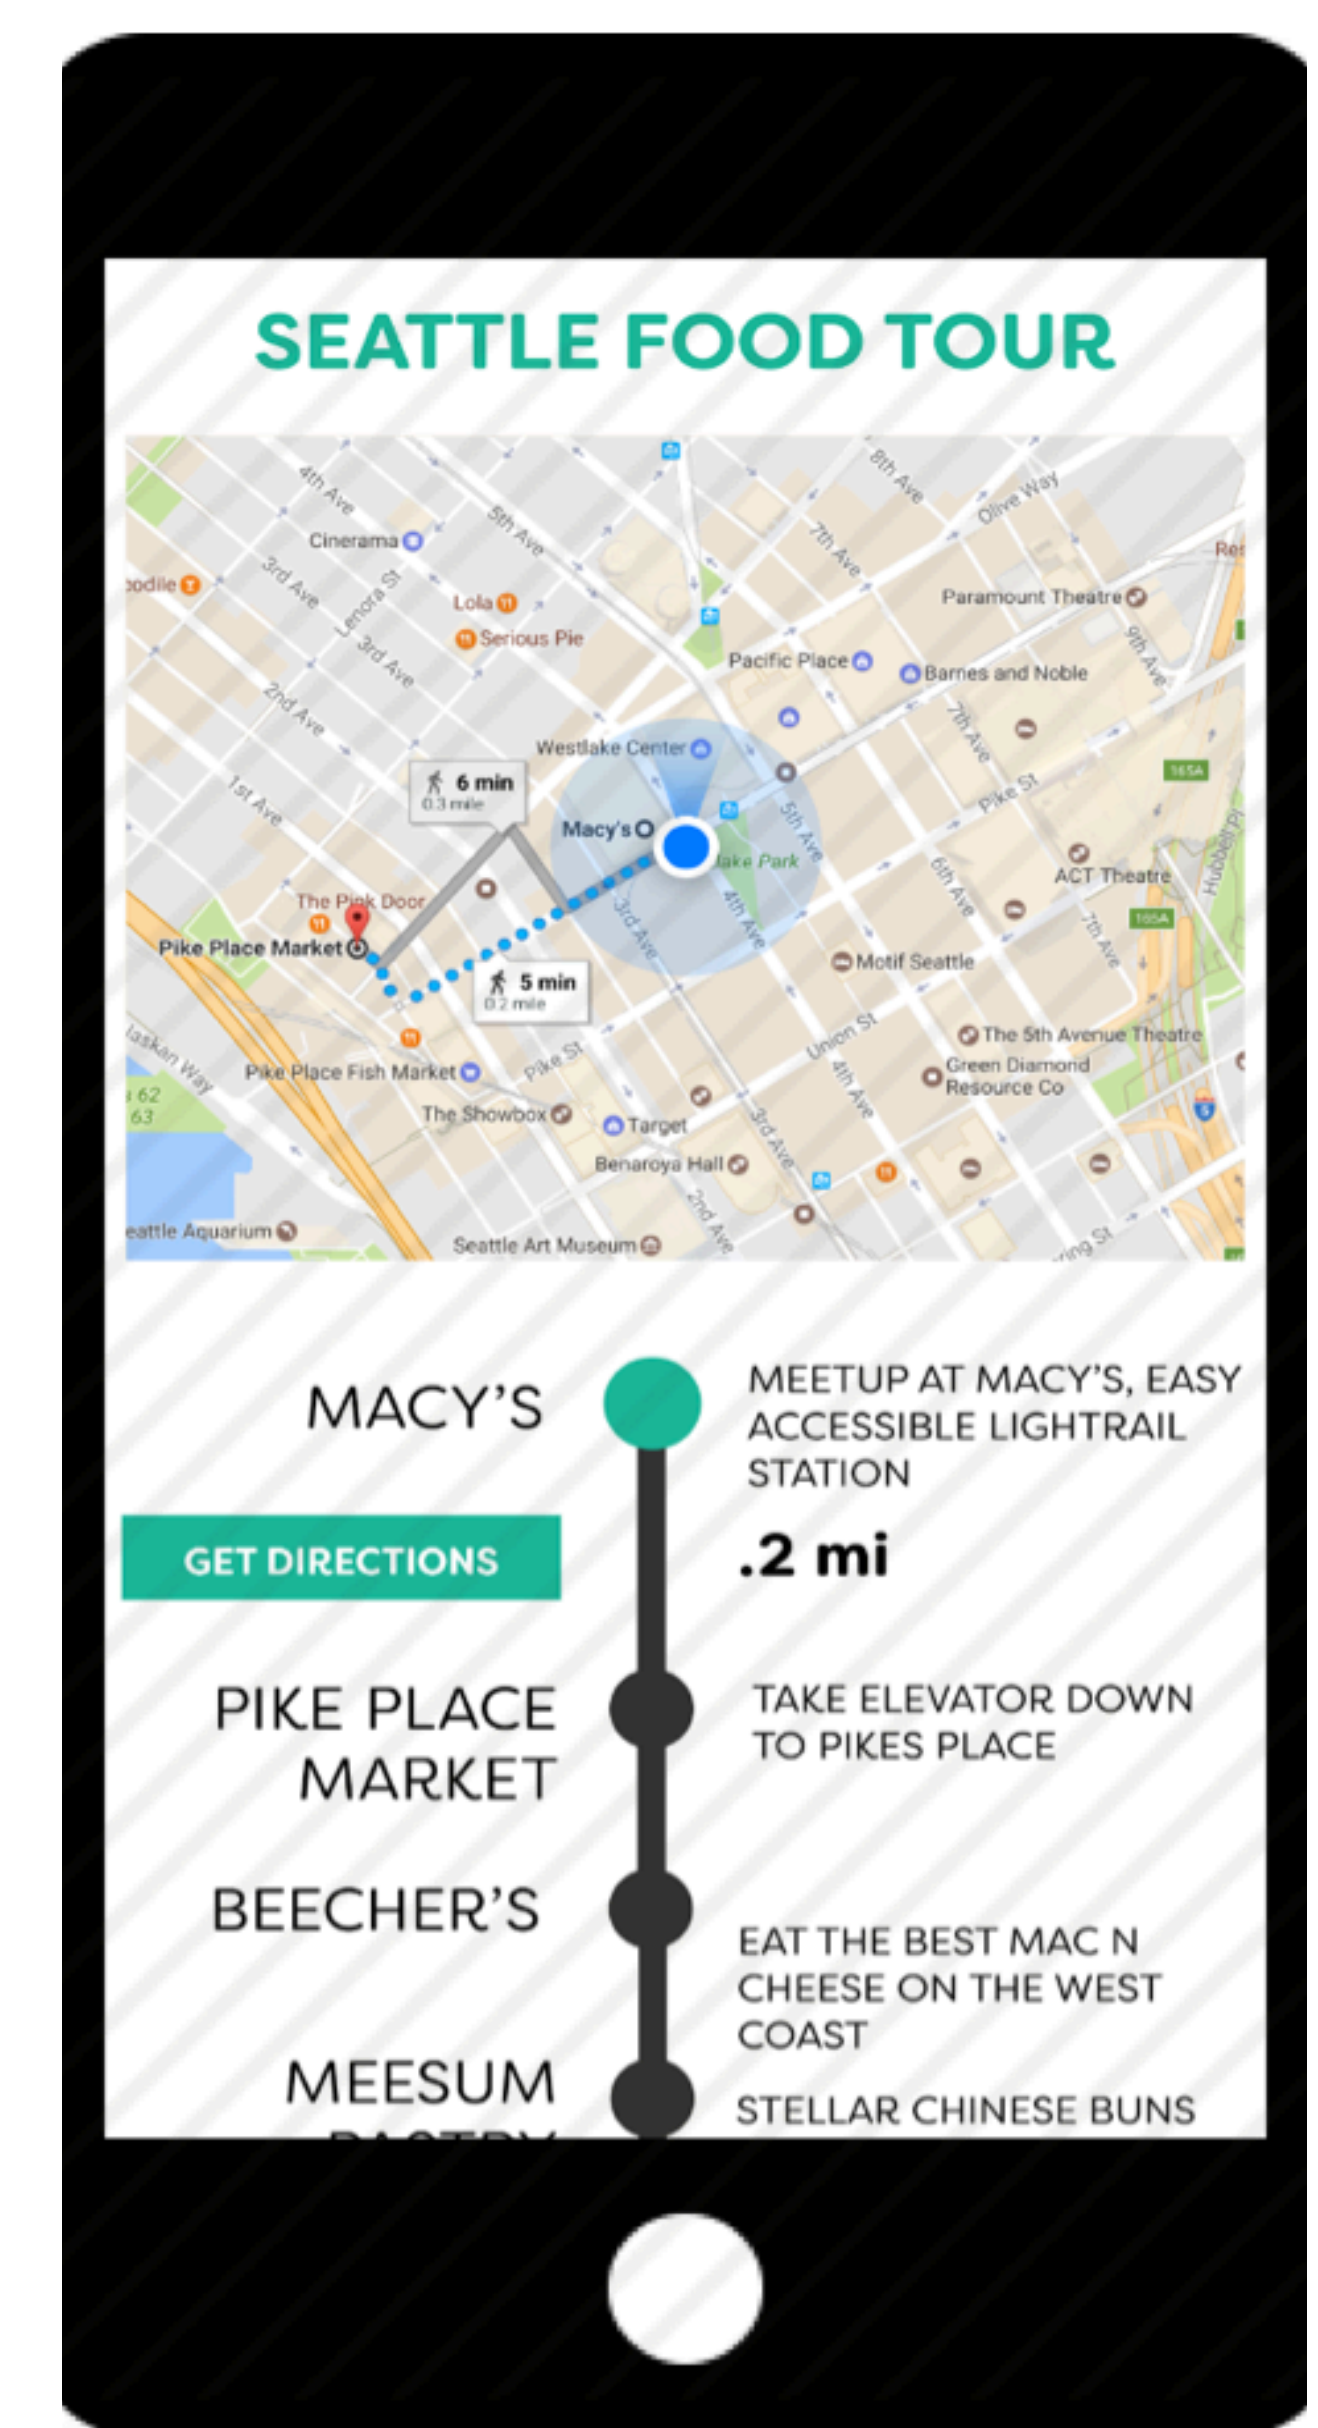

Change the mentality of wheelchair users through accessible self-guided tours that allow users to explore their local area.

Home Screen: Choose a tour near you to embark on!

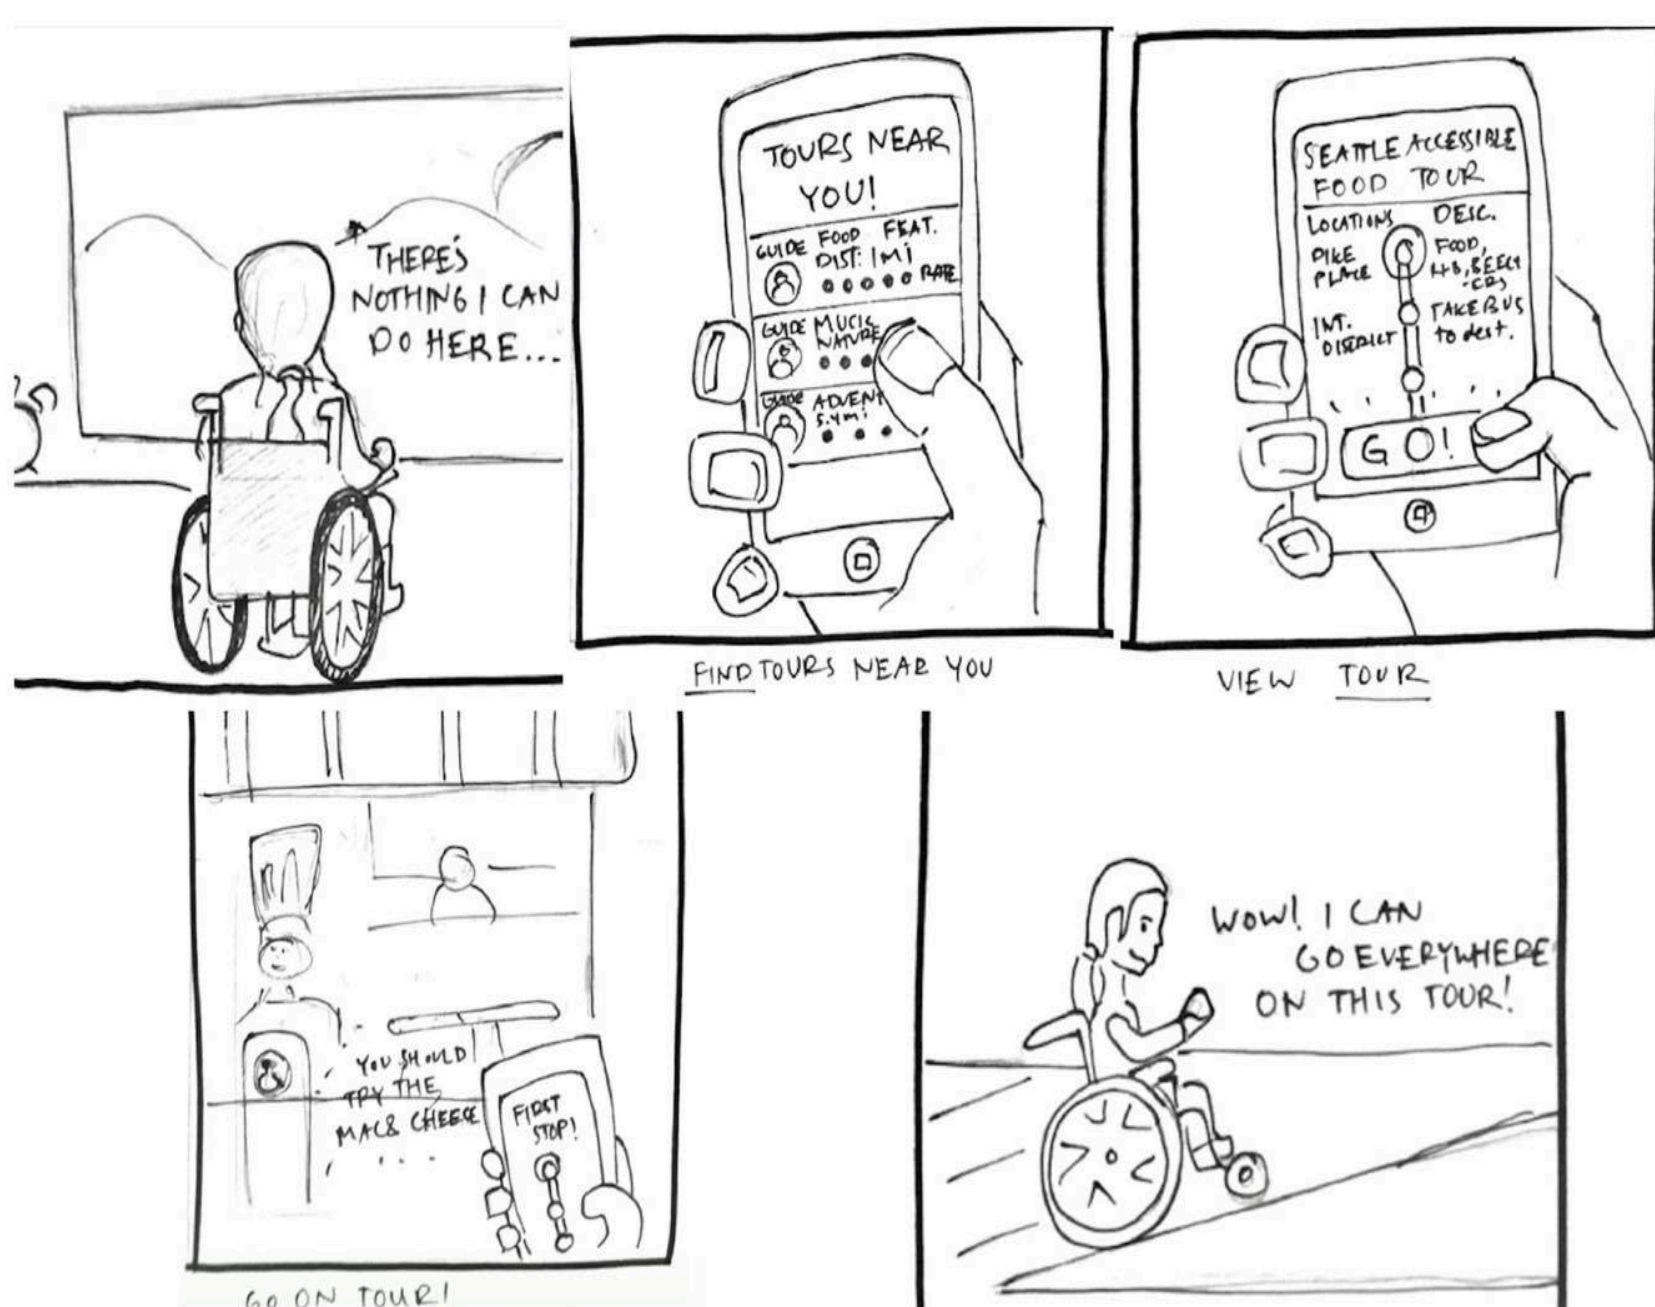

Initiate Tour: Go solo, as part of a group, or lead your own group tour!

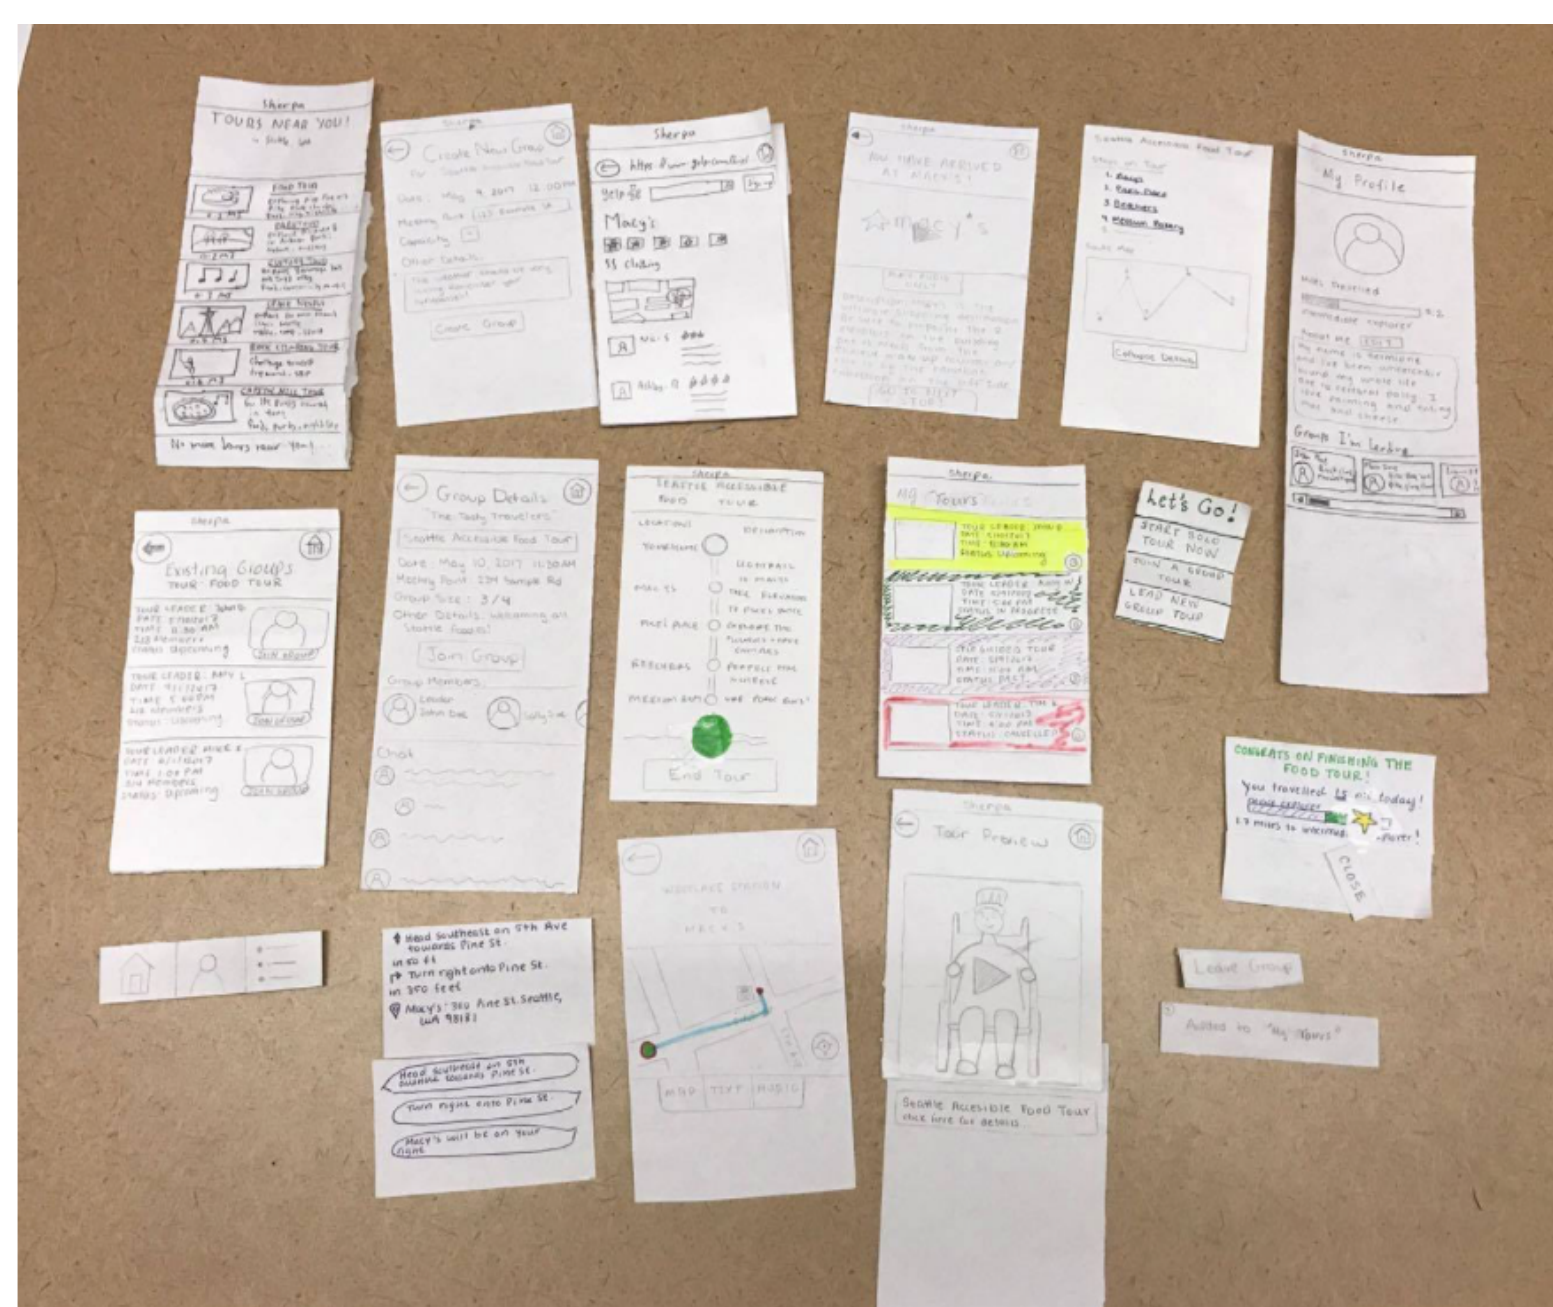

Start tour: Let your phone be your guide as it tracks your real time location!
