IEP-Connect

Individual Education Tracking for IEPs

Problem
The current lack of accurate, consistent, and persistent IEP data coupled with the barriers to share this information in easy meaningful ways prohibits the IEP team from working together towards student progress.

Value Proposition
IEP-Connect features a time saving data collection app for teachers and a web portal for teacher-parent communication.

Key Functionality

Classroom App

Look-up accommodations

Track goal progress

Web Portal

View goal progress

Communicate with IEP team

Design Iteration
