IEP Collect

Mackenzie Miller
Erin Peach
Ben Tebbs

Done in the last week

- Met with special education teacher

- Constructed a portion of a digital mockup

- Made database schema

- Decided to build web app instead of Android

Milestone

Research on IEPs, participatory design sessions with teachers, lightweight digital mockup and/or wireframes.

On track, just need to finish the mockup.

Next Milestone

- Data collection for a single student

- Mockups / wireframes of design complete

Milestone Three

- Whole design implemented

  - Data entry for single student

  - Switching between multiple students

  - Simple data visualization

In the next week

- Complete mockup

- Schedule meetings with more teachers

- Learn tools for implementation

Complications

- How do we host the web app?

- Need to meet elementary school teacher

Questions?
