

CSE 442 - Data Visualization

# Final Video Showcase

Jeffrey Heer University of Washington

# Final Project Deliverables

**Revisit your project home page.** Make sure all content is up-to-date and legible. *Embed your Vimeo video at the top of the page!*

Do you want to **change your project / repo name?**  
That is OK, but email us ASAP.

**Remember! PDF files for your poster are due by midnight tonight (6/1 11:59pm).** Push these to your repo. The course staff will print them for you.

# Final Project Showcase

**When:** Monday June 5, 10:30am - 1pm.

**Where:** Allen Center Atrium

The event is open to the public. Invite your friends!

Public showing begins at 11am. **Arrive at 10:30am** to set up your poster and demo. Be prepared to give a **~3 min. presentation + demo** to visitors.

Invited judges will rate & award the top projects.

Refreshments will be served!

# The Future of Visualization

What did you find most difficult in creating visualizations and designing techniques?

What emerging technologies and societal trends will impact visualization design?

Where is more work required?

# Course Evaluation

**Official campus course evaluation**

Distributed and completed online.

Your opinion is valued!

<https://uw.iasystem.org/survey/178414>

**Complete ASAP!**

**Evaluation closes on June 4.**

**Thank You!**
