James Lee, Sang-Wha Sien

Problem

Health center workers in Laos need to be trained in various topics, including vaccine cold chain reporting with an SMS reporting system.

Features

- Supports both English and Lao
- Syncs content using Google Drive
- SMS keypad simulator to teach SMS report syntax
- A custom Fridge Tag training app

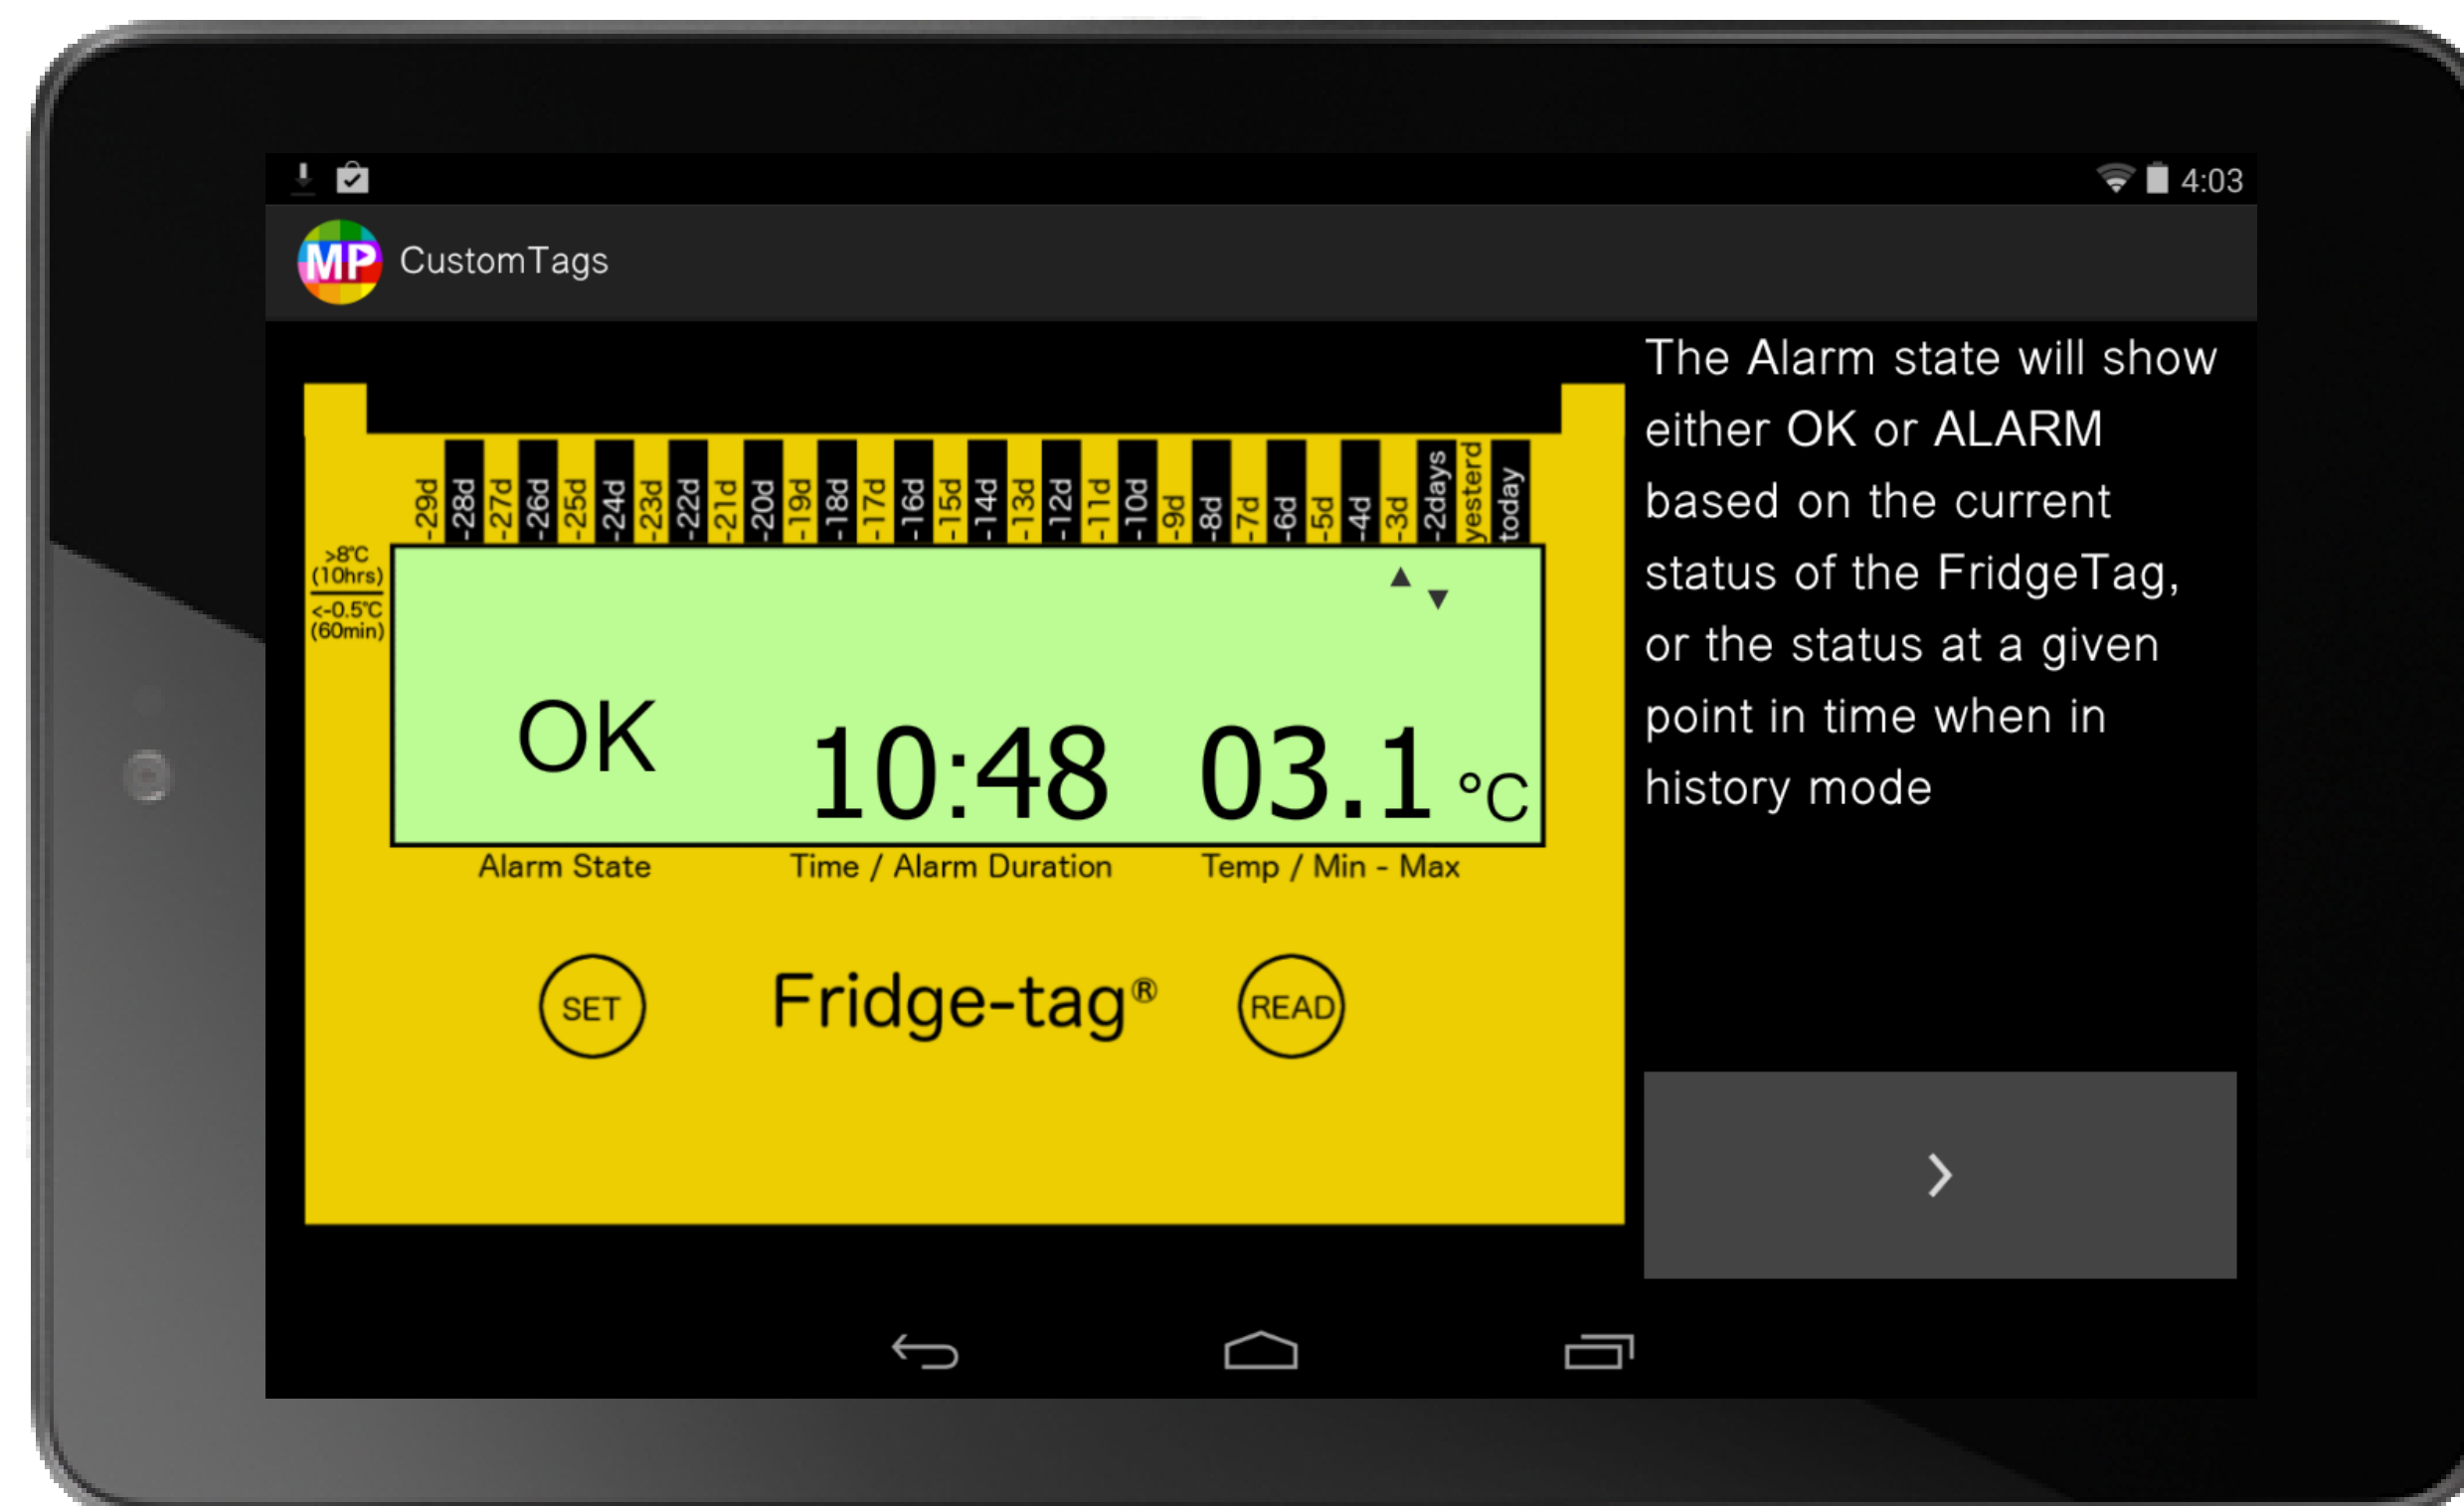

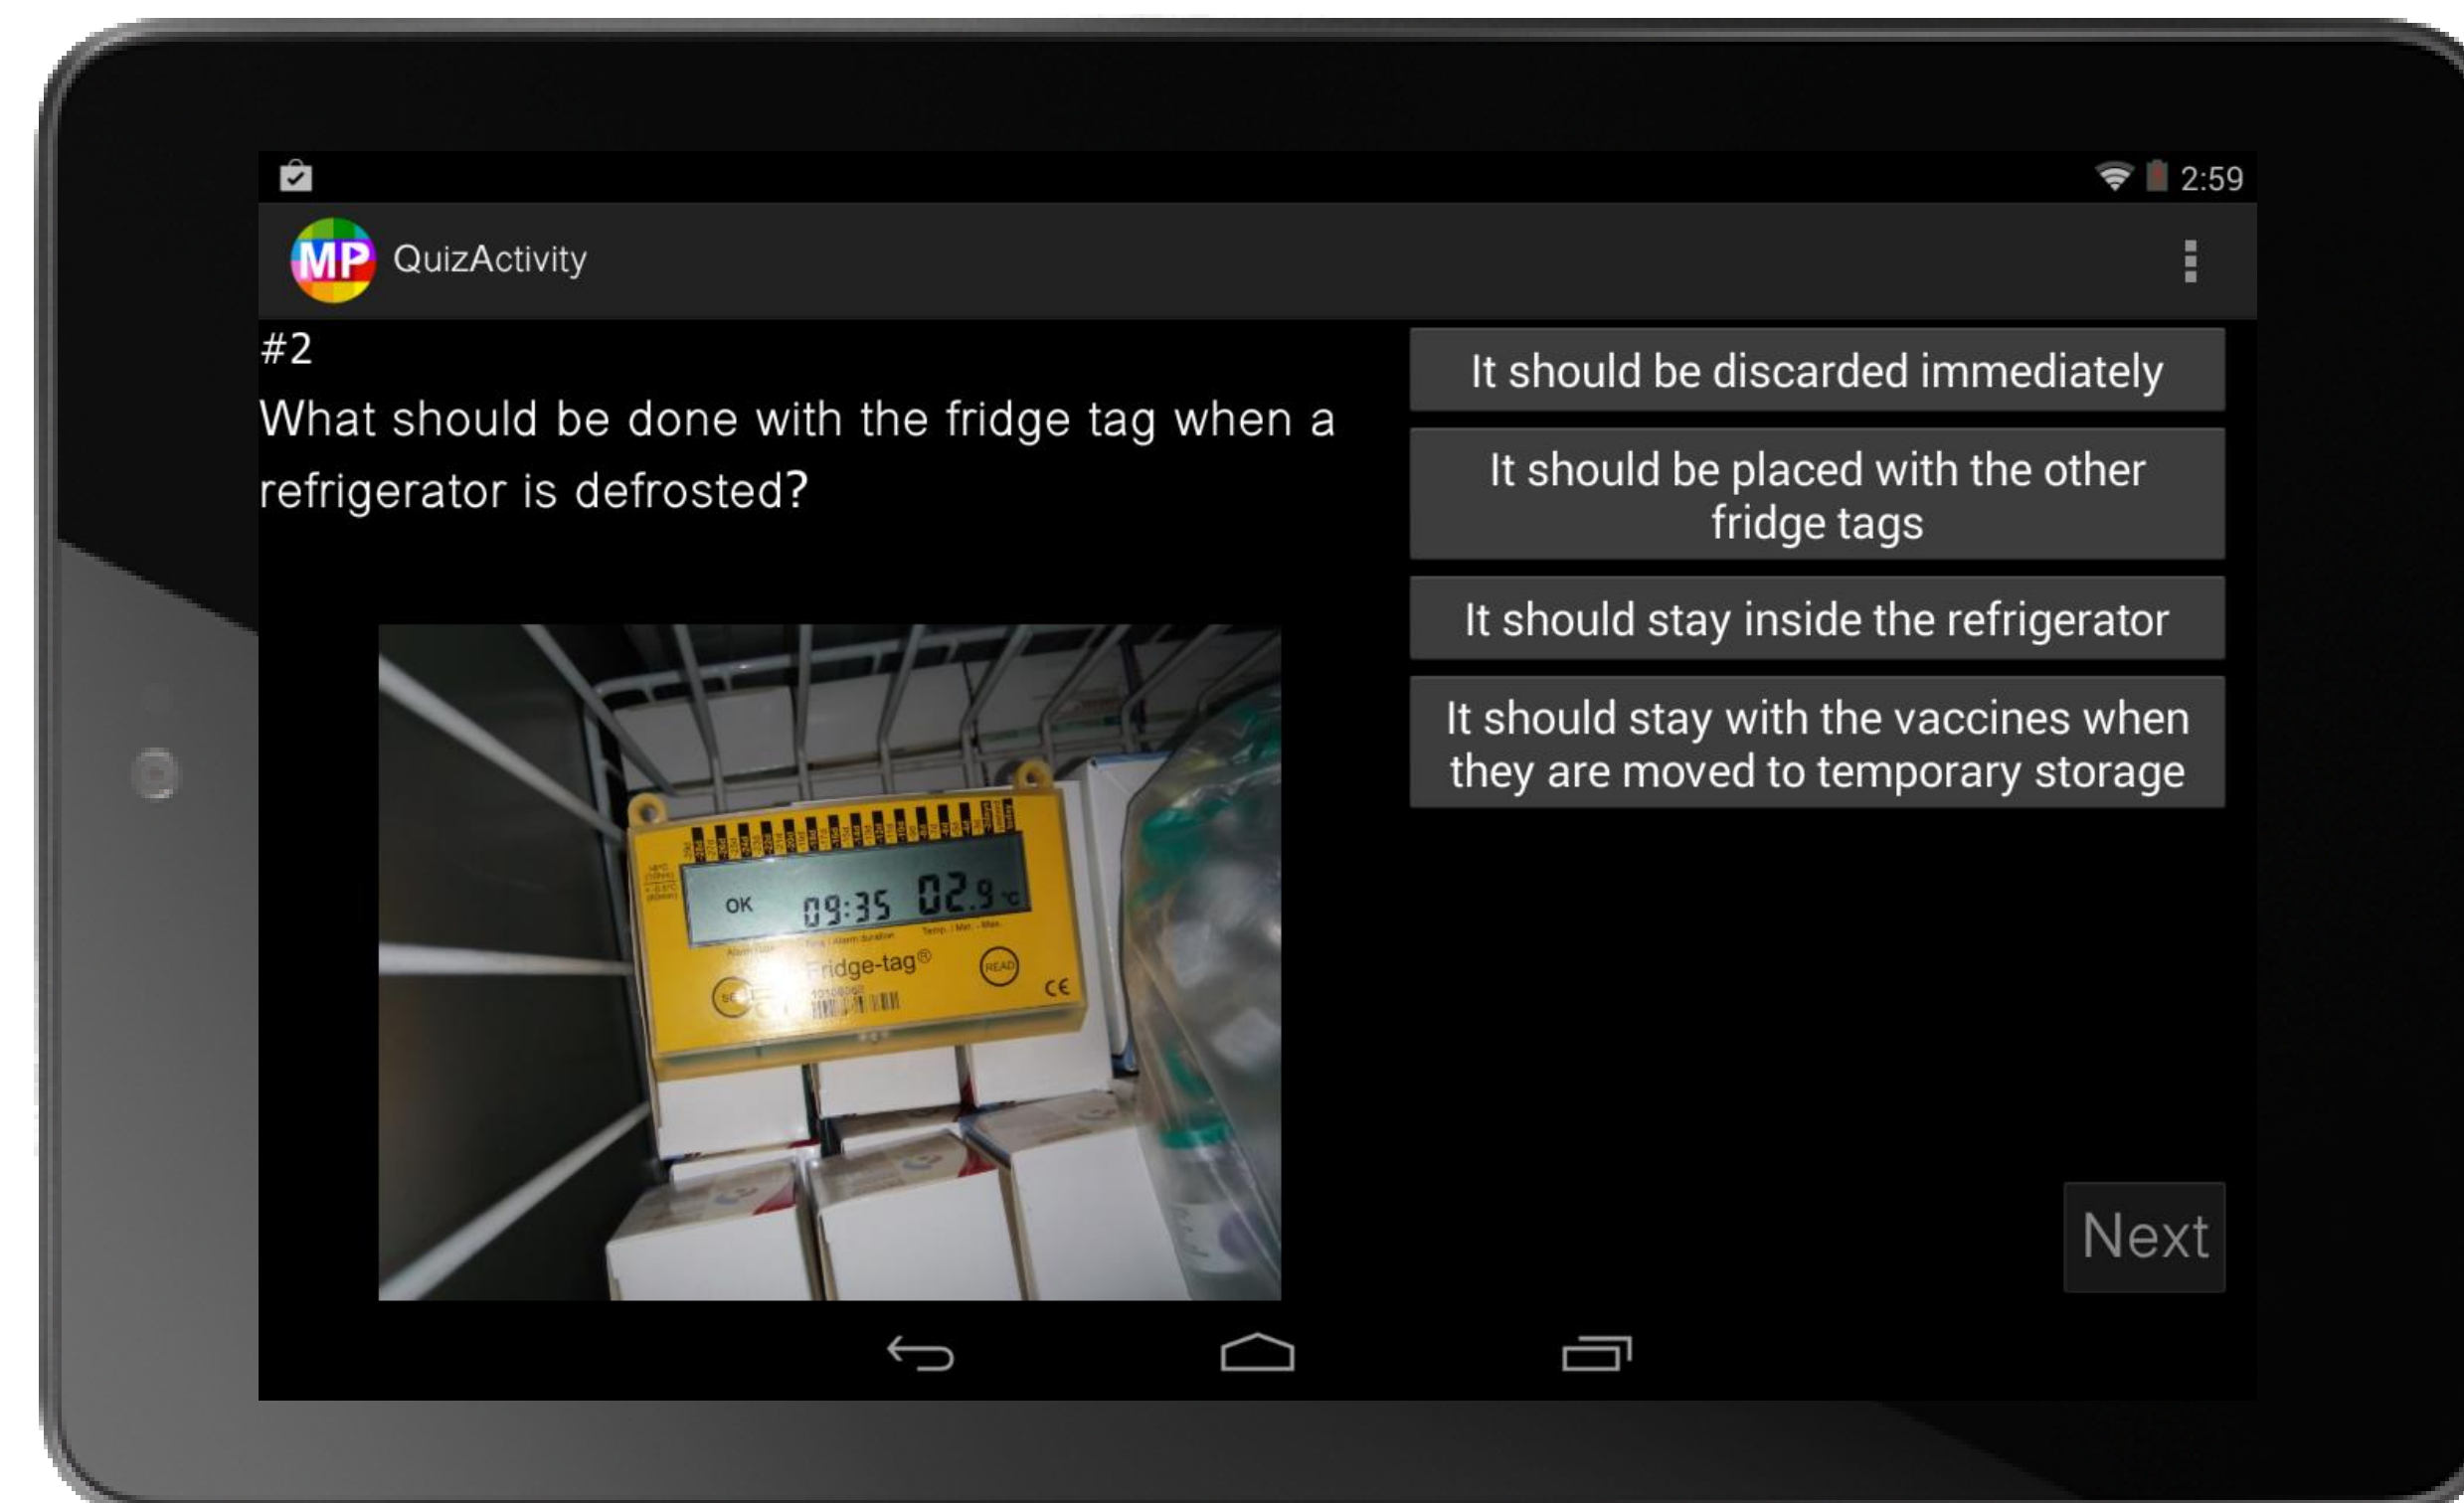

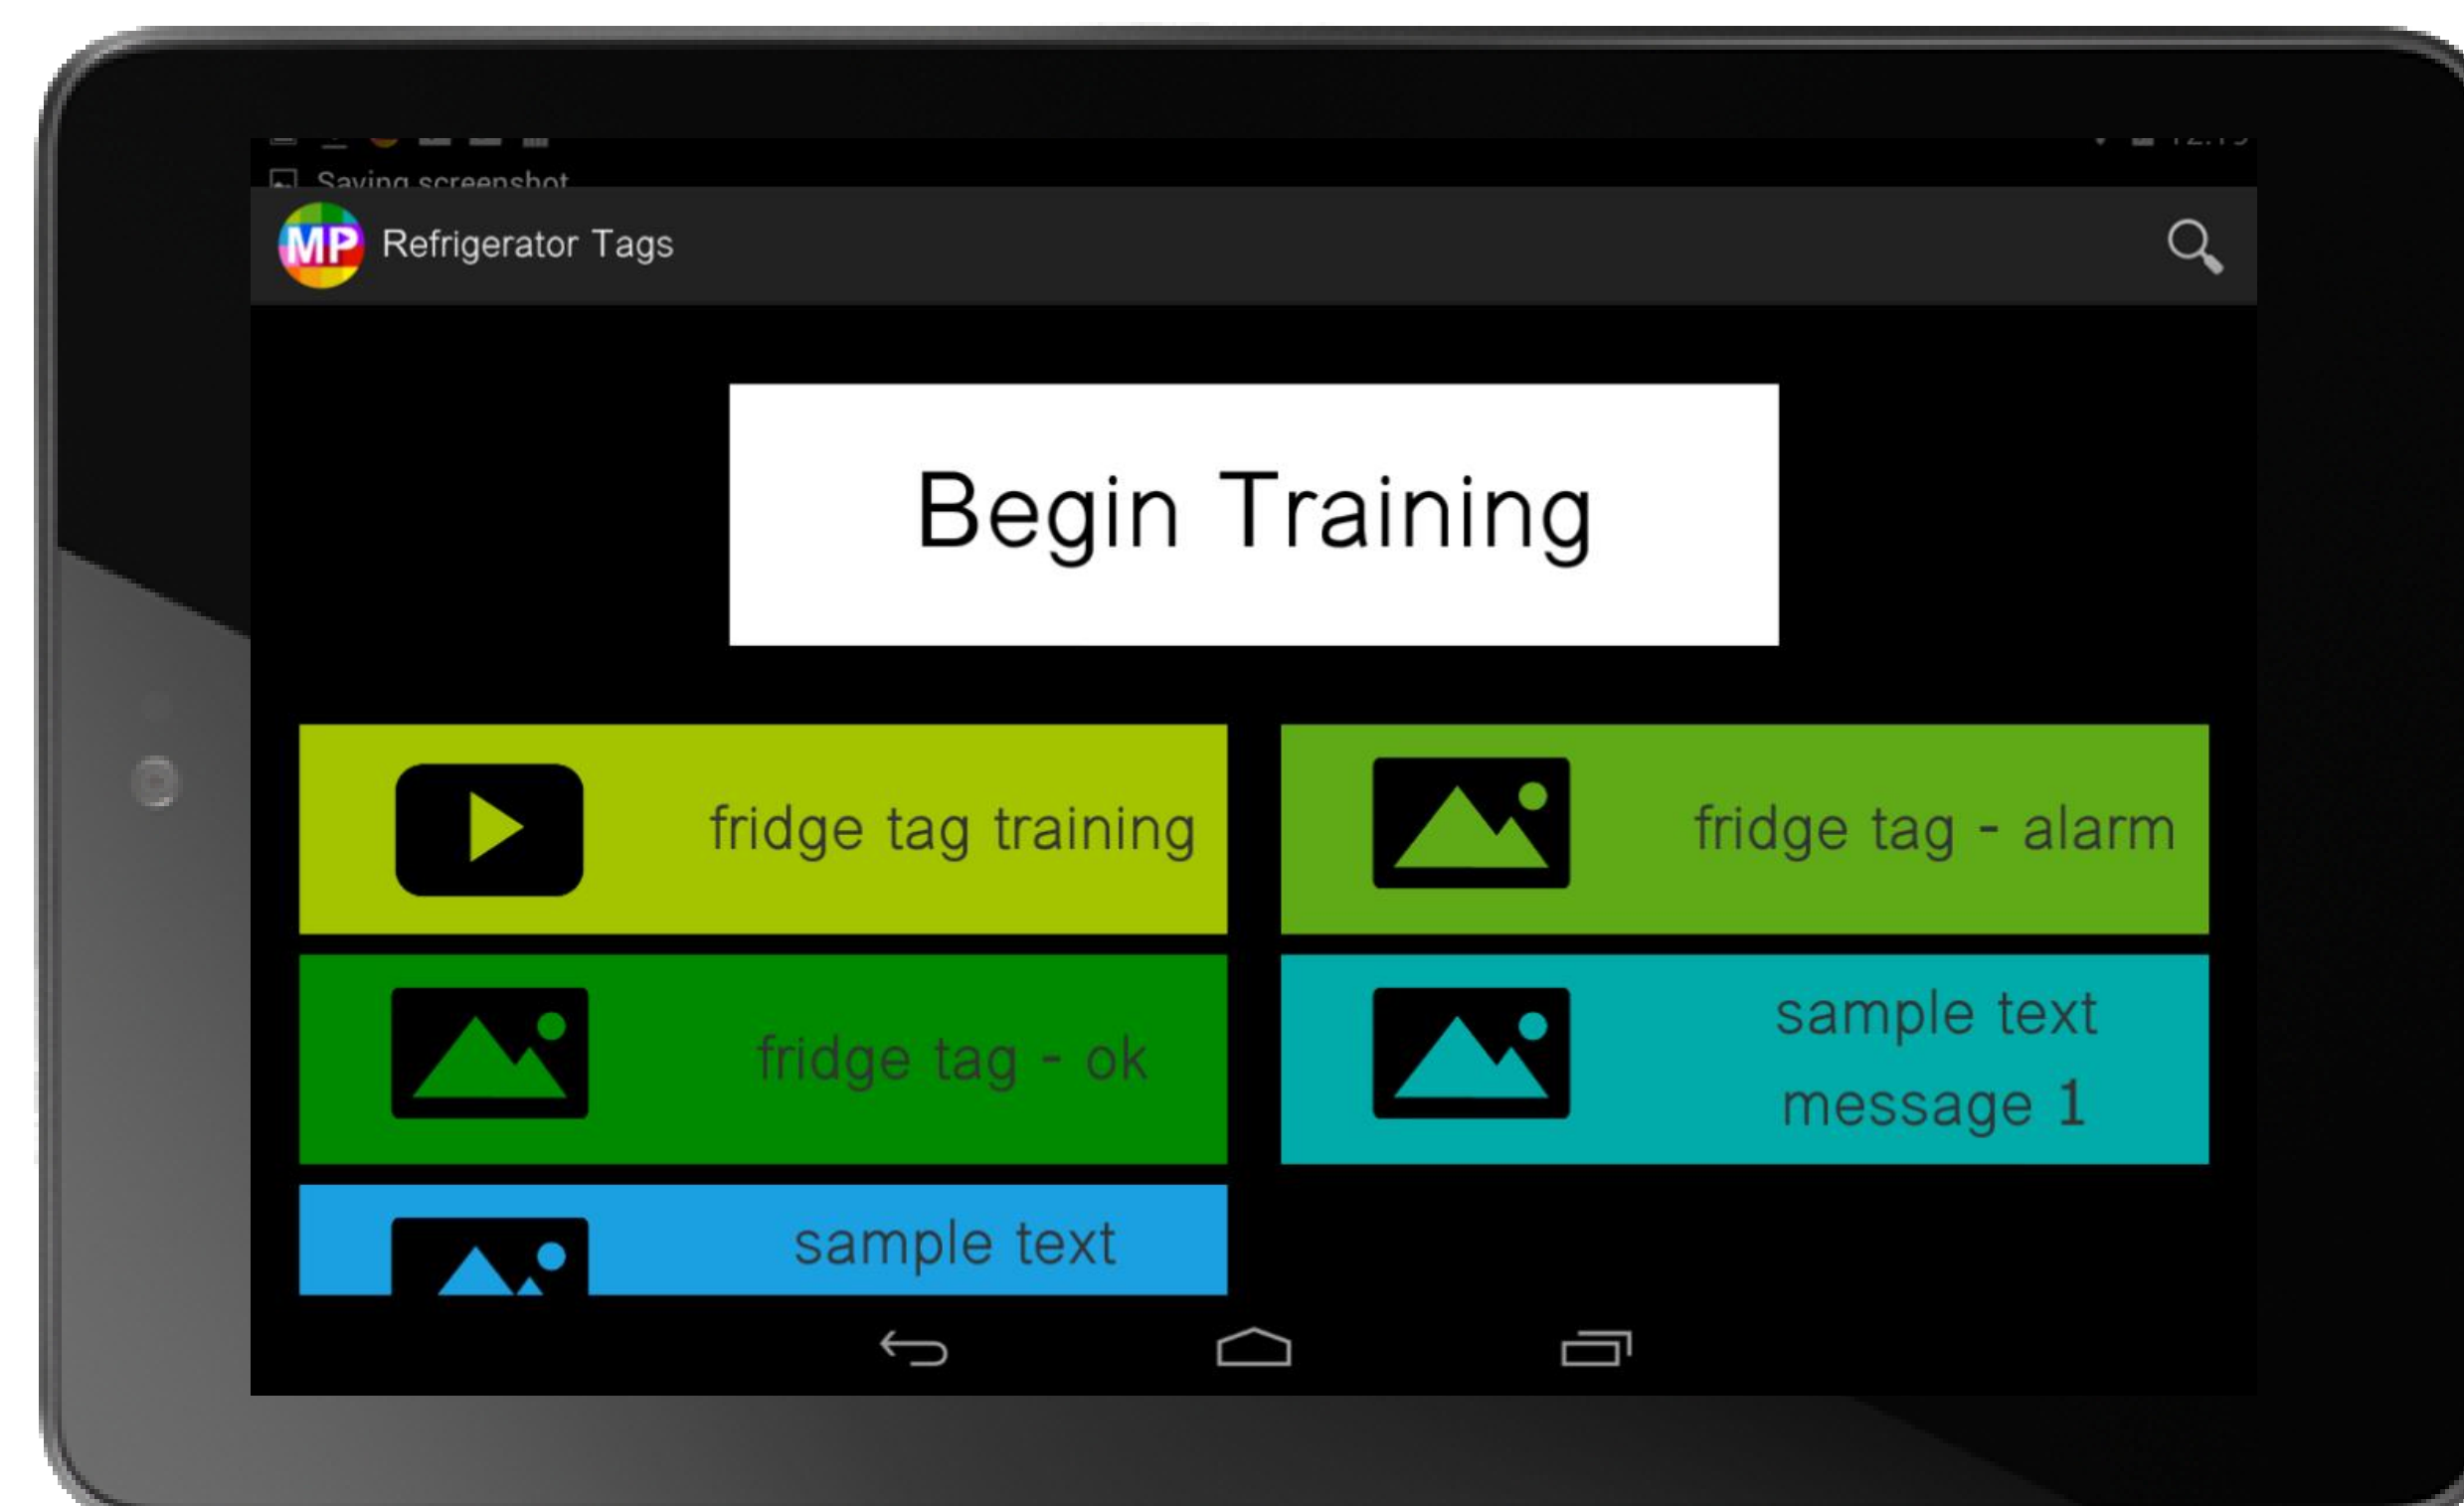

SL PC 102 PE 81

Stock level
PCV vaccine: 102
Penta vaccine: 81

Solution

An Android tablet application that supports videos, images, PDFs, and quizzes, organized in training packages.
