Paperless electronic voting machines are designed to allow voters to vote without needing to use paper, which some argue is more cost effective and also easier and less error-prone than previous paper-based methods.

Q1: In groups of three or four, sort the Human Impact deck in order of relevance. Write down the order, as well as your reasons.

Q2: For each card in the Adversary’s Motivations suit: Brainstorm an adversary that might have that motivation. Write down notes about your adversaries.

Q3: For each card in the Adversary’s Methods suit: Brainstorm ways in which an adversary might use those methods. Write down notes about your adversaries.
