CSE 484 In-class Worksheet #7 (Spring 2016)
Name: _____ UWNetID: _____ Date: _____
Email address: _____
Partner names for this activity: _____

Q1: How should web servers be storing user passwords (and why)?

Q2: Do you use two-factor authentication for any of your accounts? Do you use a password manager? Why or why not?

Q3: What are some disadvantages that you see with biometrics?

Q4: If we had unlimited time this quarter, what security/privacy topics would you like to see covered? (This might include more detail about something we've already covered).
