

548 Homework

Throughout the quarter, the homework assignment is exactly the same. For each days reading please prepare a 5 minute presentation that summarizes the main points. You should email this presentation (in any format) to Mike Kummer (kummer@cs.washington.edu) and cc myself (oskin@cs.washington.edu), *before* class begins.

In addition, twice during the quarter you should ``volunteer" to give your 5 minute presentation to the class. I prefer to run this on a volunteer basis whereby you simply email me 1-2 days before class and let me know that you would like to present on that day (first come first serve). However, sometimes the meaning of ``volunteer" has to change as we get towards the end of the quarter ;-). In addition, please try and keep it to 5 minutes, although I appreciate how difficult this really is.
