Applications Discussion

What are the applications of computer vision?

• Old tried-and-true applications

• Brand new applications

• Applications you have heard of

• Applications you have worked on

1

Some Applications from WACV2002

• **Face Detection / Skin Detection**
• **Face Recognition**
• **Gesture Recognition**
• **Eye Gaze Estimation**
• **Gender Classification**
• **People Tracking**
• **Group Behavior Recognition**
• **Visual Navigation**
• **Real-Time Precrash Vehicle Detection**
• **Augmented Reality**
• **Vehicle Inspection**
• **Video de-Abstraction** (How to save money on your wedding video)
• **Analysis of auroral appearance over Canada**
• **Video Endoscopy**
