CSE 321: Discrete Structures
Spring 1999
Course Information

		Office	Office hour		
Instructor:	Martin Tompa	Sieg 426B	Mon 1:00-2:00	tompa@cs.washington.edu	543-9263
TA:	Sean Sandys	Sieg 226A	Thu 10:30-11:30	sds@cs.washington.edu	

Prerequisites: Math 126 and CSE 143.

Textbook: Kenneth H. Rosen, *Discrete Mathematics and its Applications*, Fourth Edition, McGraw-Hill, 1999.

Reading assignment: Sections 1.1 – 1.3.

Grading: The course grade will be based on homework (40%), a midterm exam (20%), and a final exam (40%). All percentages are approximate. The final exam is scheduled for 8:30-10:20 a.m., Monday, June 7, 1999.

Course Web: All handouts and a log of all mail sent to the class mailing list will also be available on the course web at the following URL:

`http://www.cs.washington.edu/education/courses/321/CurrentQtr/`

Mailing List: The class mailing list is `cse321@cs.washington.edu`. Instructions for subscribing to the class mailing list can be found on the course web.

We will use this list for announcements of general interest to the class. Students should also feel free to use it to ask questions, post information, or initiate discussions of general interest to the class. Questions or comments that are not of general interest should instead be directed to the TA or instructor at the addresses above.

If you would like to request academic accommodations due to a disability, please contact Disabled Student Services, 448 Schmitz, 543–8924 (V/TDD). If you already have a letter from Disabled Student Services indicating you have a disability that requires academic accommodations, please let the instructor know so we can discuss the appropriate accommodations.
