

CSE 326 DATA STRUCTURES HOMEWORK 5

Due: **Friday, May 11, 2007** at the beginning of class. Please put your quiz section (AA,AB) in addition to your name at the top of your homework

Problem 1. Making Hash out of Data

This will give you a chance to get some practice with hash tables, which you will be using in the next project.

- Weiss, problem 5.1
- Weiss, problem 5.2 (Choose a new table size that is prime and roughly twice as large as the previous size.)
- Weiss, problem 5.4
- (extra credit) Weiss, problem 5.12
